Abstract—Background: MeSH indexing is the task of assigning relevant MeSH terms based on a manual reading of scholarly publications by human indexers. The task is highly important for improving literature retrieval and many other scientific investigations in biomedical research. Unfortunately, given its manual nature, the process of MeSH indexing is both time-consuming (new articles are not immediately indexed until 2 or 3 months later) and costly (approximately ten dollars per article). In response, automatic indexing by computers has been previously proposed and attempted but remains challenging. In order to advance the state of the art in automatic MeSH indexing, a community-wide shared task called BioASQ was recently organized.

Index Terms—Multilayer stent, Aorticaneurysm, Blood Flow, Pressure, WSS

I. BACKGROUND

The rapid growth of scholar publications in biomedicine makes the search of relevant information in literature increasingly more difficult, even for specialists [1], [2]. To date, PubMed—the U.S. National Library of Medicine (NLM) premier bibliographic database—contains over 24 million articles from over 5,600 biomedical journals with more than a million records added each year. To facilitate searching these articles in PubMed, a controlled vocabulary called Medical Subject Headings (MeSH)¹ was created and updated annually by the NLM since 1960s. Currently, MeSH 2015 consists of over 27,000 terms representing a wide spectrum of key biomedical concepts (e.g. Humans, Parkinson Disease) in a hierarchical structure. MeSH terms are primarily used to index articles in PubMed for improving literature retrieval. The practice of manually assigning relevant MeSH terms to new publications in PubMed by the NLM human indexers is known as MeSH indexing [3]. Assigned MeSH terms can then be used implicitly (e.g., automatic query expansion using MeSH) or explicitly in PubMed searches [4]. Compared with the commonly used keyword-based PubMed searches, MeSH indexing allows for semantic searching (using the relationship between the subject headings) and searching against concepts not necessarily present in the PubMed abstract.

In addition to its use in PubMed, MeSH indexing results have also been used creatively in many other scientific investigation areas, including information retrieval, text mining, citation analysis, education, and traditional bioinformatics research (see Figure 1). When applied to information retrieval, MeSH and its indexing results have been used to build “tag clouds” for improving the visualization of search results [5], [6] and to help distinguish between publication authors with identical names [7], [8]. Another major use of MeSH indexing is in biomedical text mining, where it has been applied to problems such as document summarization [9], document clustering [10], and word sense disambiguation [11]. MeSH indexing also serves several key roles in citation analysis, from identifying emerging research trends [12], [13] to measuring similar journals [14] and characterizing research profiles for an individual researcher, institute or journal [15]. In the era of evidence-based practice, MeSH becomes increasingly important in assessing and training the literature search skills of healthcare professionals [16], [17], as well as in assisting undergraduate education in biological sciences [18]. Finally, much bioinformatics research, such as gene expression data analysis [19], [20], greatly benefits from MeSH indexing [21], [22], [23], [24], [25].

Like many manual annotation projects [26], [27], [28], [29], [30], MeSH indexing is a labour-intensive process. As shown in [3], [31], it can take an average of 2 to 3 months for an article to be manually indexed with relevant MeSH terms after it first enters PubMed. In response, many automated systems for assisting MeSH indexing have been previously proposed. In general, most existing methods are based on the following techniques: i) pattern matching, ii) text classification, iii) k-Nearest Neighbours, iv) learning-to-rank, or v) combination of multiple techniques. Pattern-matching methods [32] search for exact or approximate matches of MeSH terms in free text. Automatic MeSH indexing can also be regarded as a multi-class text classification problem where each MeSH term represents a distinct class label. Thus many multi-label text classification methods have been proposed, such as neural networks [33], Support Vector Machines (SVM) [34], [35], Inductive Logic Programming [36], naïve Bayes with optimal training set [37], Stochastic Gradient Descent [38], and meta-learning [39]. While the pattern matching and text

NBS Monograph United States. National Bureau of Standards,1970 Spectrum Sharing Constantin B. Papadias,Tharmalingam Ratnarajah,Dirk T. M. Slock,2020-04-06 Combines the latest trends in spectrum sharing both from a research and a standards regulation experimental standpoint Written by noted professionals from academia industry and research labs this unique book provides a comprehensive treatment of the principles and architectures for spectrum sharing in order to help with the existing and future spectrum crunch issues It presents readers with the most current standardization trends including CEPT CEE eLSA CBRS MulteFire LTE Unlicensed LTE U LTE WLAN integration with Internet Protocol security tunnel LWIP and LTE Wi Fi aggregation LWA and offers substantial trials and experimental results as well as system level performance evaluation results The book also includes a chapter focusing on spectrum policy reinforcement and another on the economics of spectrum sharing Beginning with the historic form of cognitive radio Spectrum Sharing The Next Frontier in Wireless Networks continues with current standardized forms of spectrum sharing and reviews all of the technical ingredients that may arise in spectrum sharing approaches It also looks at policy and implementation aspects and ponders the future of the field White spaces and data base assisted spectrum sharing are discussed as well as the licensed shared access approach and cooperative communication techniques The book also covers reciprocity based beam forming techniques for spectrum sharing in MIMO networks resource allocation for shared spectrum networks large scale wireless spectrum monitoring and much more Contains all the latest standardization trends such as CEPT ECC eLSA CBRS MulteFire LTE Unlicensed LTE U LTE WLAN integration with Internet Protocol security tunnel LWIP and LTE Wi Fi aggregation LWA Presents a number of emerging technologies for future spectrum sharing collaborative sensing cooperative communication reciprocity based beamforming etc as well as novel spectrum sharing paradigms e g in full duplex and radar systems Includes substantial trials and experimental results as well as system level performance evaluation results Contains a dedicated chapter on spectrum policy reinforcement and one on the economics of spectrum sharing Edited by experts in the field and featuring contributions by respected professionals in the field world wide Spectrum Sharing The Next Frontier in Wireless Networks is highly recommended for graduate students and researchers working in the areas of wireless communications and signal processing engineering It would also benefit radio communications engineers and practitioners Cognitive Radio-Oriented Wireless Networks Adrian Kliks,Paweł Kryszkiewicz,Faouzi Bader,Dionysia Triantafyllopoulou,Carlos E. Caicedo,Aydin Sezgin,Nikos Dimitriou,Michał Sybis,2019-08-10 This book constitutes the refereed proceedings of the 14th International Conference on Cognitive Radio Oriented Wireless Networks CROWNCOM 2019 held in Poznan Poland in June 2019 The 30 revised full papers were selected from 48 submissions and present a large scope of research topic also covering IoT in 5G and how cognitive mechanisms shall help leveraging access for numerous devices mmWave and how specific propagation and operation in these bands bring new sharing mechanisms

how resource allocation amongst bands including offload mechanisms shall be solved The key focus will be on how rich data analysis can improve the delivery of above defined services

Research and Development in the Computer and Information Sciences: Information acquisition, sensing, and input Mary Elizabeth Stevens,1970

Research Anthology on Smart Grid and Microgrid Development Management Association, Information Resources,2021-09-24 Smart grid and microgrid technology are growing exponentially as they are adopted throughout the world These new technologies have revolutionized the way electricity is produced delivered and consumed and offer a plethora of benefits as well as the potential for further growth It is critical to examine the current stage of smart grid and microgrid development as well as the direction they are headed as they continue to expand in order to ensure that cost effective reliable and efficient systems are put in place The Research Anthology on Smart Grid and Microgrid Development is an all encompassing reference source of the latest innovations and trends within smart grid and microgrid development Detailing benefits challenges and opportunities it is a crucial resource to fully understand the current opportunities that smart grids and microgrids present around the world Covering a wide range of topics such as traditional grids future smart grids electrical distribution systems and microgrid integration it is ideal for engineers policymakers systems developers technologists researchers government officials academicians environmental groups regulators utilities specialists industry professionals and students

5G Outlook Innovations and Applications Ramjee Prasad,2022-09-01 5G Outlook Innovations and Applications is a collection of the recent research and development in the area of the Fifth Generation Mobile Technology 5G the future of wireless communications Plenty of novel ideas and knowledge of the 5G are presented in this book as well as divers applications from health science to business modeling The authors of different chapters contributed from various countries and organizations The chapters have also been presented at the 5th IEEE 5G Summit held in Aalborg on July 1 2016 The book starts with a comprehensive introduction on 5G and its need and requirement Then millimeter waves as a promising spectrum to 5G technology is discussed The book continues with the novel and inspiring ideas for the future wireless communication usage and network Further some technical issues in signal processing and network design for 5G are presented Finally the book ends up with different applications of 5G in distinct areas Topics widely covered in this book are 5G technology from past to present to the future Millimeter waves and their characteristics Signal processing and network design issues for 5G Applications business modeling and several novel ideas for the future of 5G

Smart Grid Applications and Developments Daphne Mah,Peter Hills,Victor O.K. Li,Richard Balme,2014-07-25 Meeting today s energy and climate challenges require not only technological advancement but also a good understanding of stakeholders perceptions political sensitivity well informed policy analyses and innovative interdisciplinary solutions This book will fill this gap This is an interdisciplinary informative book to provide a holistic and integrated understanding of the technology stakeholder policy interactions of smart grid technologies The unique features of the book include the following a interdisciplinary approach by bringing in the policy dimensions to smart grid

technologies b global and Asian perspective and c learning from national case studies This book is organised into five sections Part 1 discusses the historical and conceptual aspects of smart grids Part 2 introduces the technological aspects and showcase the state of the art of the technologies Part 3 explores the policy and governance dimensions by bringing in a stakeholder perspective Part 4 presents a collection of national case studies Part 5 shares insights and lesson learnt and provide policy recommendations This book showcases the state of the art R D developments and policy experiences This book contributes to a better understanding of governance institution and policy challenges and helps formulate policy recommendations for successful smart grid deployment *Canadian Electronics Engineering*, 1971 **Advances in**

Science, Engineering and Technology Tasneem Ahmed, Shrish Bajpai, Mohammad Faisal, Suman Lata Tripathi, 2025-05-23 The objective of the conference was to provide a common platform for innovative academicians and industrial experts working in the fields of sciences engineering and information technology It provided a platform for knowledge exchange and the development of new ideas on the transformative technologies of quantum computing video analytics Artificial Intelligence and Machine Learning The conference also discussed the significance of cutting edge technologies specifically Machine Learning and its pivotal role in the future of science and industry Orthogonal Waveforms and Filter Banks for Future Communication Systems Markku Renfors, Xavier Mestre, Eleftherios Kofidis, Faouzi Bader, 2017-07-14 Orthogonal Waveforms and Filter Banks for Future Communication Systems provides an up to date account of orthogonal filter bank based multicarrier FBMC systems and their applications in modern and future communications highlighting the crucial role that advanced multicarrier waveforms play It is an up to date overview of the theory algorithms design and applications of FBMC systems at both the link and system levels that demonstrates the various gains offered by FBMC over existing transmission schemes via both simulation and test bed experiments Readers will learn the requirements and challenges of advanced waveform design for future communication systems existing FBMC approaches application areas and their implementation In addition the state of the art in PHY and MAC layer solutions based on FBMC techniques including theoretical algorithmic and implementation aspects are explored Presents a unique and up to date source for signal processing communications researchers and practitioners Presents a homogeneous comprehensive presentation of the subject Covers offset QAM based FBMC FBMC OQAM and its variants including its history signal processing interest and potential for maximum spectral efficiency among other features Advanced Power Electronics Converters for Future Renewable Energy Systems Neeraj Priyadarshi, P. Sanjeevikumar, Farooque Azam, C. Bharatiraja, Rajesh Singh, 2023-03-31 This book narrates an assessment of numerous advanced power converters employed on primitive phase to enhance the efficiency of power translation pertaining to renewable energy systems It presents the mathematical modelling analysis and control of recent power converters topologies namely AC DC DC DC and DC AC converters Numerous advanced DC DC Converters namely multi input DC DC Converter Cuk SEPIC Zeta and so forth have been assessed mathematically using state space analysis applied with an aim to

enhance power efficiency of renewable energy systems The book Explains various power electronics converters for different types of renewable energy sources Provides a review of the major power conversion topologies in one book Focuses on experimental analysis rather than simulation work Recommends usage of MATLAB PSCAD and PSIM simulation software for detailed analysis Includes DC DC converters with reasonable peculiar power rating This book is aimed at researchers graduate students in electric power engineering power and industrial electronics and renewable energy *Next Generation Wireless Terahertz Communication Networks* Saim Ghafoor,Mubashir Husain Rehmani,Alan Davy,2021-08-10 The rapid growth of the data traffic demands new ways to achieve high speed wireless links The backbone networks data centers mission critical applications as well as end users sitting in office or home all require ultra high throughput and ultra low latency wireless links Sophisticated technological advancement and huge bandwidth are required to reduce the latency Terahertz band in this regard has a huge potential to provide these high capacity links where a user can download the file in a few seconds To realize the high capacity wireless links for future applications in this book different aspects of the Terahertz band wireless communication network are presented This book highlights the Terahertz channel characteristics and modeling antenna design and beamforming device characterization applications and protocols It also provides state of the art knowledge on different communication aspects of Terahertz communication and techniques to realize the true potential of the Terahertz band for wireless communication **Future Data and Security Engineering. Big Data, Security and Privacy, Smart City and Industry 4.0 Applications** Tran Khanh Dang,Josef Küng,Tai M. Chung,2023-11-17 This book constitutes the proceedings of the 10th International Conference on Future Data and Security Engineering Big Data Security and Privacy Smart City and Industry 4 0 Applications FDSE 2023 held in Da Nang Vietnam during November 22 24 2023 The 38 full papers and 8 short papers were carefully reviewed and selected from 135 submissions They were organized in topical sections as follows big data analytics and distributed systems security and privacy engineering machine learning and artificial intelligence for security and privacy smart city and industry 4 0 applications data analytics and healthcare systems and short papers security and data engineering **Towards Trustworthy Elections** David Chaum,Markus Jakobsson,Ronald L. Rivest,Peter Y. A. Ryan,Josh Benaloh,Mirosław Kutylowski,Ben Adida,2010-06-09 State of the art report source unknown [ECCWS 2020 19th European Conference on Cyber Warfare and Security](#) Dr Thaddeus Eze,Dr Lee Speakman,Dr Cyril Onwubiko,2020-06-25 These proceedings represent the work of contributors to the 19th European Conference on Cyber Warfare and Security ECCWS 2020 supported by University of Chester UK on 25 26 June 2020 The Conference Co chairs are Dr Thaddeus Eze and Dr Lee Speakman both from University of Chester and the Programme Chair is Dr Cyril Onwubiko from IEEE and Director Cyber Security Intelligence at Research Series Limited ECCWS is a well established event on the academic research calendar and now in its 19th year the key aim remains the opportunity for participants to share ideas and meet The conference was due to be held at University of Chester UK but due to the global

Covid 19 pandemic it was moved online to be held as a virtual event The scope of papers will ensure an interesting conference The subjects covered illustrate the wide range of topics that fall into this important and ever growing area of research Chinese Journal of Electronics ,2003 **Electronics, Communications and Networks IV** Amir Hussain,Mirjana Ivanovic,2015-07-01 The 4th International Conference on Electronic Communications and Networks CECNet2014 inherits the fruitfulness of the past three conferences and lays a foundation for the forthcoming next year in Shanghai CECNet2014 was hosted by Hubei University of Science and Technology China with the main objective of providing a comprehensive global forum for experts and participants from academia to exchange ideas and presenting results of ongoing research in the most state of the art areas of Consumer Electronics Technology Communication Engineering and Technology Wireless Communications Engineering and Technology and Computer Engineering and Technology In this event 13 famous scholars and Engineers have delivered the keynote speeches on their latest research including Prof Vijaykrishnan Narayanan a Fellow of the Institute of Electrical and Electronics Engineers Prof Han Chieh Chao the Director of the Computer Center for Ministry of Education Taiwan from September 2008 to July 2010 Prof Borko Furht the founder of the Journal of Multimedia Tools and Applications Prof Kevin Deng who served as Acting Director of Hong Kong APAS R D Center in 2010 and Prof Minh Jo the Professor of Department of Computer and Information Science Korea University **Cities' Identity Through Architecture and Arts** Anna Catalani,Zeinab Nour,Antonella Versaci,Dean Hawkes,Hocine Bougdah,Adolf Sotoca,Mahmoud Ghoneem,Ferdinando Trapani,2018-05-01 Every city has its unique and valuable identity this identity is revealed through its physical and visual form it is seen through the eyes of its residents and users The city develops over time and its identity evolves with it Reflecting the rapid and constant changes the city is subjected to Architecture and Arts is the embodiment of the cultural historical and economical characteristics of the city This conference was dedicated to the investigation of the different new approaches developed in Architecture and Contemporary arts It has focused on the basis of urban life and identities This volume provides discussions on the examples and tendencies in dealing with urban identities as well as the transformation of cities and urban cultures mentioned in terms of their form identity and their current art Contemporary art when subjected to experiments continues to be produced in various directions to be consumed and to put forward new ideas Art continuously renews itself from new materials to different means of communication from interactive works to computer games from new approaches to perceptual paradigms and problems of city and nature of the millennium This is an Open Access ebook and can be found on www.taylorfrancis.com

Comprehensive Energy Systems Ibrahim Dincer,2018-02-07 Comprehensive Energy Systems Seven Volume Set provides a unified source of information covering the entire spectrum of energy one of the most significant issues humanity has to face This comprehensive book describes traditional and novel energy systems from single generation to multi generation also covering theory and applications In addition it also presents high level coverage on energy policies strategies environmental

impacts and sustainable development No other published work covers such breadth of topics in similar depth High level sections include Energy Fundamentals Energy Materials Energy Production Energy Conversion and Energy Management Offers the most comprehensive resource available on the topic of energy systems Presents an authoritative resource authored and edited by leading experts in the field Consolidates information currently scattered in publications from different research fields engineering as well as physics chemistry environmental sciences and economics thus ensuring a common standard and language

E-Collaboration Technologies and Organizational Performance: Current and Future Trends Kock, Ned, 2010-12-31 This book reviews recent advances in the e collaboration discipline with a focus on virtual teams firm performance social capital formation and Web based communities Provided by publisher

This Enthralling Realm of E-book Books: A Detailed Guide Revealing the Advantages of E-book Books: A World of Ease and Flexibility Kindle books, with their inherent mobility and simplicity of access, have freed readers from the limitations of physical books. Gone are the days of carrying bulky novels or carefully searching for specific titles in bookstores. E-book devices, stylish and lightweight, effortlessly store an wide library of books, allowing readers to immerse in their favorite reads anytime, everywhere. Whether commuting on a bustling train, lounging on a sun-kissed beach, or just cozying up in bed, Kindle books provide an exceptional level of ease. A Reading World Unfolded: Discovering the Wide Array of Kindle Ieee Electronics And Communication Project Papers Doc Ieee Electronics And Communication Project Papers Doc The E-book Shop, a digital treasure trove of literary gems, boasts an wide collection of books spanning diverse genres, catering to every readers preference and preference. From gripping fiction and mind-stimulating non-fiction to classic classics and contemporary bestsellers, the E-book Store offers an unparalleled abundance of titles to discover. Whether looking for escape through immersive tales of imagination and exploration, delving into the depths of past narratives, or expanding ones knowledge with insightful works of science and philosophy, the E-book Store provides a gateway to a bookish world brimming with endless possibilities. A Game-changing Factor in the Bookish Scene: The Lasting Influence of Kindle Books Ieee Electronics And Communication Project Papers Doc The advent of Kindle books has unquestionably reshaped the bookish scene, introducing a paradigm shift in the way books are published, disseminated, and read. Traditional publication houses have embraced the online revolution, adapting their strategies to accommodate the growing demand for e-books. This has led to a surge in the accessibility of Kindle titles, ensuring that readers have entry to a wide array of bookish works at their fingertips. Moreover, Kindle books have democratized entry to literature, breaking down geographical barriers and providing readers worldwide with similar opportunities to engage with the written word. Regardless of their location or socioeconomic background, individuals can now engross themselves in the intriguing world of books, fostering a global community of readers. Conclusion: Embracing the Kindle Experience Ieee Electronics And Communication Project Papers Doc Kindle books Ieee Electronics And Communication Project Papers Doc, with their inherent ease, flexibility, and vast array of titles, have certainly transformed the way we encounter literature. They offer readers the liberty to explore the limitless realm of written expression, anytime, anywhere. As we continue to navigate the ever-evolving online landscape, E-book books stand as testament to the persistent power of storytelling, ensuring that the joy of reading remains accessible to all.

Ieee Electronics And Communication Project Papers Doc Introduction

In the digital age, access to information has become easier than ever before. The ability to download Ieee Electronics And Communication Project Papers Doc has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Ieee Electronics And Communication Project Papers Doc has opened up a world of possibilities. Downloading Ieee Electronics And Communication Project Papers Doc provides numerous advantages over physical copies of

books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Ieee Electronics And Communication Project Papers Doc has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Ieee Electronics And Communication Project Papers Doc. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Ieee Electronics And Communication Project Papers Doc. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Ieee Electronics And Communication Project Papers Doc, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Ieee Electronics And Communication Project Papers Doc has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Ieee Electronics And Communication Project Papers Doc Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including

classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Ieee Electronics And Communication Project Papers Doc is one of the best book in our library for free trial. We provide copy of Ieee Electronics And Communication Project Papers Doc in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Ieee Electronics And Communication Project Papers Doc. Where to download Ieee Electronics And Communication Project Papers Doc online for free? Are you looking for Ieee Electronics And Communication Project Papers Doc PDF? This is definitely going to save you time and cash in something you should think about.
