Speedlights Alan Hess,2015-08-05 Mastering Nikon Speedlights is the most comprehensive guide available for anyone using or wanting to learn more about the Nikon Creative Lighting System CLS Starting with an exploration of how to work with light the book teaches you everything you need to know about understanding the direction and intensity of light using light meters and metering modes controlling exposure and much more You ll learn the specifics of how to use the full range of Nikon Speedlights and accessories including past and current models of cameras and CLS compatible flashes and in the

process you'll find out how to get the best shots with your gear whether you have a whole box of equipment or just the basics. The book includes practical real world photo shoots: portraits, action shots, and product photography, starting with one light and gradually working up to multiple lights so you can observe the progression of the light from one flash to many. No matter what your subject or shooting scenario, *Mastering Nikon Speedlights* is an essential resource that teaches you how to produce the light you need to achieve great results. Offers a thorough discussion of the qualities of light, how the camera measures light, and the settings needed to record an image with proper exposure. Provides a complete overview of all the components that make up the Nikon Creative Lighting System, outlining how to use the different Speedlights and accessories to correspond with each camera's unique capabilities. Covers how to use the Nikon Speedlights off the camera using the Advanced Wireless Lighting (AWL) features built into the Creative Lighting System. Features several examples of real photo shoots showing you how to take great photos in a variety of situations, building from one flash up to multiple flashes. [The Hot Shoe Diaries](#) Joe McNally, 2009-03-03 When it comes to photography, it's all about the light. After spending more than thirty years behind the lens working for National Geographic, Time Life, and Sports Illustrated, Joe McNally knows about light. He knows how to talk about it, shape it, color it, control it, and direct it. Most importantly, he knows how to create it using small hot shoe flashes. In *The Hot Shoe Diaries*, Joe brings you behind the scenes to candidly share his lighting solutions for a ton of great images. Using Nikon Speedlights, Joe lets you in on his uncensored thought process, often funny, sometimes serious, always fascinating, to demonstrate how he makes his pictures with these small flashes. Whether he's photographing a gymnast on the Great Wall, an alligator in a swamp, or a fire truck careening through Times Square, Joe uses these flashes to create great light that makes his pictures sing. **Master's Guide to Off-Camera Flash** Barry Staver, 2012-02-01 By emphasizing basic principles of good lighting and how to apply them, this informative guide shows advanced amateur photographers and professionals how to improve their photographic skills. After explaining different types of light flash basics and the benefits of on and off camera lighting techniques, it discusses how to use this information to increase the "gasp factor," that powerful emotional response that compels the viewer to take a second look at a photograph. Also included are assignments meant to help solidify this new flash knowledge for the photographer in order to put it into practice. As a bonus, the book contains inspirational stories demonstrating real world applications of the techniques from a photojournalist with decades of experience. **Speedlitter's Handbook** Syl Arena, 2010-12-19 Getting your Canon Speedlite to produce the light you need can be a real challenge. For those new to flash photography or for anyone who has previously given up out of frustration, *Speedlitter's Handbook* is a revelation. Photographer Syl Arena takes you on a journey that begins with an exploration of light and color, moves through a comprehensive discussion of the Canon Speedlite family and all of the accessories and equipment available to the Speedlitter, then settles down to crafting great light in one photo shoot after another. Whether you want to create a classical portrait, shoot an event, or simply add a little fill light to a product shot, *Speedlitter's Handbook* shows you

how A fantastic in depth resource illustrated with over 500 images Speedlites Handbook covers how to see the various characteristics and properties of light itself as well as the differences between how your camera sees versus how you see all the buttons and dials of the entire Canon Speedlite family the basics of on camera flash and the necessity of getting your flash off the camera how to beautifully balance flash with the existing ambient light all the equipment necessary for great Speedlite shots how to get amazing shots with just one Speedlite how and when to use E TTL versus manual flash the use of color gels to balance color as well as create dramatic effects how to tame the sun or any really bright light with hi speed sync and much much more Whether you re shooting portraits events or sports Speedlites Handbook is an essential resource that teaches you how to craft the light you need for any type of shot you want
