of Children Miltiades G. Evangelakis,1974 This manual is an account of the author s experiences successes and difficulties in
providing intensive residential and day treatment for emotionally disturbed and mentally ill children It also calls attention to
some of the lessons learned over the past years and to the efforts for a distillation and reduction of what are in fact real and
often controversial issues in connection with children s programs of treatment and education Dust jacket Automated
Acquisitions Amy Dykeman,Bill Katz,2019-12-05 In this book first published in 1989 practicing librarians share their hands on
experience with implementing various types of acquisitions systems and address planning considerations the blurring of roles
between acquisitions and cataloguing staffing implications electronic record transmission and specialized functions of
automated acquisitions systems These librarians reveal what they wish they knew when they began to implement their
systems as well as what went right and wrong along the way Acquisitions librarians systems librarians and any professionals
planning for an automated acquisitions system in their libraries will not want to miss the underlying excitement expressed
by contributors as they re evaluate acquisitions work and redefine the role of the acquisitions librarian as a result of
automated acquisitions systems **Global and Organizational Discourse about Information Technology** Eleanor H.
Wynn,Edgar A. Whitley,Michael D. Myers,Janice I. DeGross,2013-06-29 Over the past 20 years the field of information
systems has grown dramatically in theoretical diversity and global reach This growth is reflected in the language that policy
makers and organizational stakeholders use when they talk about their IT plans As information technology penetrates further
into organizational and global life it becomes ever more important to articulate assumptions embedded in the discourse This
will help to clarify the complex and yet conceptually improvised or pasted up worldview that becomes embodied in systems
The assumptions point to particular domains of discourse The discourse sets up conventions and boundaries It thus shapes
what can or cannot legitimately be talked about researched addressed or solved within the scope of IT A number of practical
and theoretical topics are discussed in detail including Globalization development and space Mobilization of power ERP
systems IS planning and projects Critical research and the study of discourse Public institutions Analytical frameworks This
book contains the selected proceedings of the Working Conference on Global and Organizational Discourse About
