The i5 Approach: Lesson Planning That Teaches Thinking and Fosters Innovation Jane E. Pollock, Susan Hensley, 2017-11-27 If the three r s define education s past there are five i s information images interaction inquiry and innovation that forecast its future one in which students think for themselves actively self assess and enthusiastically use technology to further their learning and contribute to the world What students need but too often do not get is deliberate instruction in the critical and creative thinking skills that make this vision possible The i5 approach provides a way to develop these skills in the context of content focused and technology powered lessons that give students the opportunity to Seek and acquire new information Use visual images and nonlinguistic representations to add meaning Interact with others to obtain and provide feedback and enhance understanding Engage in inquiry use and develop a thinking skill that will expand and extend knowledge Generate innovative insights and products related to the lesson goals Jane E Pollock and Susan Hensley explain the i5 approach s foundations in brain research and its links to proven instructional principles and planning models They provide step by step procedures for teaching 12 key thinking skills and share lesson examples from teachers who have successfully i5 ed their instruction With practical guidance on how to revamp existing lessons The i5 Approach is an indispensable resource for any teacher who wants to help students gain deeper and broader content understanding and become stronger and more innovative thinkers Improving Student Learning One Principal at a Time Jane E. Pollock, Sharon M. Ford, 2009 A companion to the ASCD best seller *Improving Student Learning One Teacher at a Time* this breakthrough approach to supervision offers principals a simple positive way to help teachers make the right adjustments in curriculum instruction assessment and feedback the four areas of practice that make the most difference in how learners learn **Minding the Achievement Gap One Classroom at a Time** Jane E. Pollock, Sharon M. Ford, Margaret M. Black, 2012 A companion to *Improving Student Learning One Teacher at a Time* this book identifies small specific adjustments to planning teaching and assessment practices that will support more effective learning in every student every day and help close the achievement gap on a classroom by classroom basis from publisher description **Improving Student Learning One Teacher at a Time** Jane E. Pollock, Laura J. Tolone, 2020-12-16 In this second edition of *Improving Student Learning One Teacher at a Time* Jane E Pollock and Laura J Tolone combine updated research and real world stories to demonstrate how it takes only one teacher to make a difference in student performance Their approach expands the classic three part curriculum instruction assessment framework by adding one key ingredient feedback This Big Four approach offers an easy to follow process that helps teachers build better curriculum documents with Curriculum standards that are clear and well paced and describe what students will learn Instruction based in research from daily lessons to whole units of study Assessment that maximizes feedback and requires critical and creative thinking Feedback that tracks and reports individual student progress by standards Pollock and Tolone demonstrate how consistent timely feedback from

multiple sources can help students monitor their own understanding and help teachers align assignments quizzes and tests more explicitly to the standards The Big Four shifts the focus away from the basics of what makes a good teacher toward what makes good learning happen for every student every day **Empowering Teachers and Democratising Schooling**

Keith Heggart, Steven Kolber, 2022-09-13 This edited book brings together teachers and education academics who are committed to education about for and through democracy It presents a diverse range of viewpoints about the challenges facing educators working across different sectors and discusses ways to challenge issues like neoliberalism excessive managerialism and accountability and privatisation It also engages with the times that education has and continues to fail students This book outlines both logistical and ideological challenges which educators committed to democracy face and describes innovative approaches they have adopted including networking the use of social media and digital tools and extending their reach beyond their local communities to international audiences It encourages conversations about how educators and academics might re commit to education for democracy and generate further avenues for discussion and action by educators and academics **The i5 Approach** Jane E.
