Background and Introduction to Gattaca

Gattaca is a 1997 American dystopian science fiction film written and directed by Andrew Niccol in his feature directorial debut. The film presents a future society driven by eugenics where children are conceived through genetic selection to ensure they possess the best hereditary traits of their parents. The film centers on Vincent Freeman, played by Hawke, who was conceived outside the eugenics program and struggles to overcome genetic discrimination to realize his dream of going into space.

The film draws on concerns over reproductive technologies that facilitate eugenics, and the possible consequences of such technological developments for society. It also explores the idea of destiny and the ways in which it can and does govern lives. Characters in *Gattaca* continually battle both with society and with themselves to find their place in the world and who they are destined to be according to their genes. The film is noted for its unique use of color. Cinematographer Shawnee Smith employed vibrant gold, green, and electric blue tones throughout the film, and shot the film in Super 35mm format, which adds an enlarged layer of grain.

The film was shot under the working title *The Eighth Day*, a reference to the seven days of creation in the Bible. However, by the time its release was scheduled for the fall of 1997, the Belgian film *Le huitième jour* had already been released in the US under the title *The Eighth Day*. As a result, the film was retitled *Gattaca*, which takes inspiration from the letters G, A, T, and C, derived from four of the nucleobases of DNA: guanine, adenine, thymine and cytosine. The film tanked at the box office and only earned a domestic total of \$32.3 million against a reported budget of \$36 million. It was a 1997 nominee for the Academy Award for Best Art Direction and the Golden Globe Award for Best Original Score. A follow-up series was in development at Showtime, but has been cancelled as of 2003. *Gattaca* currently holds an 82% fresh rating on Rotten Tomatoes with the following critics' consensus: "Intelligent and scientifically provocative, *Gattaca* is an absorbing sci-fi drama that poses important interesting ethical questions about the nature of science." (Poster and screenshots © Columbia Pictures, 1997)

Gattaca Study Guide Questions

Michael J. Malinowski

Gattaca Study Guide Questions:

Thank you totally much for downloading **Gattaca Study Guide Questions**. Maybe you have knowledge that, people have look numerous times for their favorite books afterward this Gattaca Study Guide Questions, but end happening in harmful downloads.

Rather than enjoying a good ebook subsequently a mug of coffee in the afternoon, then again they juggled as soon as some harmful virus inside their computer. **Gattaca Study Guide Questions** is easy to get to in our digital library an online entrance to it is set as public thus you can download it instantly. Our digital library saves in combined countries, allowing you to acquire the most less latency era to download any of our books behind this one.
