dullness When we go to school work or practice do we actually engage 100 percent in the activities that we decide to take on
Well probably not The reason for this is simple our level of engagement in an activity is constantly influenced by mood
attitude and the staggering number of people that we interact with throughout the day In other words the terrible trio mood

as independent human beings we have the ability to determine which parts of the trio actually end up affecting our everyday
lives This guide to hyping up your life provides several incredible tips on how to own the terrible trio Once you implement
these strategies in your life nothing can bring you down You can win no matter what Page 4 of cover *Own Your Own
