OCKER,1926 **Super Tuesday** Barbara Norrander,2014-10-17 Super Tuesday 1988 was the first successful attempt to get several states in one region to hold their presidential primaries on the same day Its success or lack thereof will affect the way presidents are elected for many years to come Reaching beyond Super Tuesday and the nominations of George Bush and Michael Dukakis Barbara Norrander s book presents the nation s first regional primary as the latest chapter in the ever changing system through which U S political parties choose their presidential candidates Norrander s research details how changes in technology candidate and media strategies and historical circumstances have influenced recent presidential nominations and how they set the stage for the South s primary in 1988 Super Tuesday Regional Politics and Presidential Primaries emerges as an authoritative source not only on Super Tuesday but on many other aspects of presidential nominations This book demonstrates that much of current conventional wisdom about presidential nominations is wrong Norrander traces candidate strategies from 1976 to 1988 and calculates turnout rates from 1960 to

1988 She also examines the composition of the Super Tuesday electorate with respect both to preconceived notions of who participates in presidential primaries and to deliberate attempts by the Democratic and Republican parties to manipulate voter turnout in the South's regional primary Her analysis of the timing and process of nomination victories from 1976 to 1988 emphasizes the importance of the overlooked role of candidate attrition over candidate momentum Of special interest to political scientists and to political observers concerned with parties elections and voting behavior Norrander's book will reshape the examination of presidential contests in 1992 and beyond

Trade Stocks and Commodities with the Insiders Larry Williams, 2011-01-19 The way that Big Money got to be Big Money was by also being the Smart Money and so it is worth paying attention to how the Big Money traders behave That's the essence of what Larry Williams has to teach us in this book And it's not just what the Smart Money says or thinks but how they behave in terms of their trading that we should pay attention to Larry shows us how to listen to that message Tom McClellan Editor of The McClellan Market Report Finally an insider's take on what really goes on behind the scenes in commodity trading Larry writes his view of trading as only he knows it from his twenty five years of experience James Altucher author of Trade Like a Hedge Fund Successful trader Larry Williams reveals industry secrets that help investors and traders successfully invest and trade side by side with the largest commercial interests in the world You'll be introduced to the COT Commitment of Traders report the best resource for achieving trading success learn exactly what the information it contains means and plan for maximizing profits by acting on reported actions

Presidential Elections Nelson W. Polsby, Aaron Wildavsky, Steven E. Schier, David A. Hopkins, 2023-07-18 Polsby and Wildavsky's classic text now updated by Stephen Schier and David Hopkins argues that the institutional rules of the presidential nomination and election processes in combination with the behavior of the mass electorate structure the strategic choices faced by politicians in powerful and foreseeable ways We can make sense of the decisions made by different political actors incumbents challengers Democrats Republicans consultants party officials activists delegates journalists and voters by understanding the ways in which their world is organized by incentives regulations events resources customs and opportunities Thoroughly revised and updated this Sixteenth Edition provides everything students need to know about presidential elections going into the 2024 cycle

New Albany Gregg Seidl, 2006 Until the railroads extended their steel ribbons westward people and cargo traveling to America's frontier went by flatboat canoe or paddle wheeled steamer The falls of the Ohio River at Louisville presented a considerable obstacle to this floating traffic and vessels traveling on this major waterway were forced to portage their cargo around the turbulent waters In 1812 three enterprising brothers from New York Abner Joel and Nathaniel Scribner bought land at the western end of the rapids and named their new settlement New Albany in honor of the capital of their native state Their village became the head of downriver navigation on the Ohio and evolved from a backwoods settlement into Indiana's largest city a lively river town where steamboats textiles sheet music automobiles and pastries have all been manufactured Natural disasters have

periodically changed the face of the city but New Albany has always recovered due to the determination of its citizens This collection of vintage images portrays the triumphs and tragedies of these residents

Political Narratives in the Middle East and North Africa Wolfgang Mühlberger,Toni Alaranta,2020-02-13 This book discusses the role of political narratives in shaping perceptions of instability and conceptions of order in the Middle East and North Africa MENA The authors illustrate how in times of socio political turmoil and outbursts of discontent such as the Arab Spring political entrepreneurs explain and justify their political agendas by complementing hard power solutions with attractive ideas and discursive constructions that appeal to domestic constituencies and geopolitical allies The book is divided into two parts The first focuses on non state actors such as confessional communities and ideological movements who aim to develop narratives that are convincing to their respective polities It also studies regional powers that seek to determine their positions in a competitive environment via distinctive narrations of order In part two the authors investigate the narratives of global players that aim to explain and justify their role in an evolving international order
