Make Your Own Damn Movie secrets Of A Renegade Director:

Make Your Own Damn Movie! Lloyd Kaufman, Adam Jahnke, Trent Haaga, 2007-04-01 Lloyd Kaufman the writer producer director of such cult classic films as *The Toxic Avenger*, *Class of Nuke 'Em High* and *Tromeo and Juliet* offers a guide to movie making unlike any other available anywhere In 25 years Kaufman along with partner Michael Herz has built Troma Studios up from a company struggling to find its voice in a field crowded with competitors to its current and legendary status as a lone survivor a bastion of true cinematic independence and the world's greatest collection of camp on film As entertaining and funny as it is informative and insightful *Make Your Own Damn Movie* places Kaufman's radically low budget independent studio style of filmmaking directly in the reader's hands Thus we learn how to develop and write a knock out screenplay raise funding find locations and cast actors hire a crew obtain equipment permits and music rights all for little or no money make incredible special effects for 0.79 each charm schmooze and network while on the film festival circuit and finally make a bad actor act so bad it's actually good From scriptwriting and directing to financing and marketing this book is brimming with utterly off the wall decidedly maverick yet consistently proven advice on how to fully develop one's idea for an independent film

The Complete Idiot's Guide to Independent Filmmaking Josef Steiff, 2005-08-02 You ought to be making pictures Designed for people who want to tell a story their way *The Complete Idiot's Guide to Independent Filmmaking* explains everything a budding auteur needs to know from literary development and financial and organizational pre production to principal photography production post production assembly exhibition and distribution and more The advent of desktop editing and a wide range of consumer cameras enable the average person to create a film studio at home A great textbook for novice filmmakers whether film students or on their own auteurs The proliferation of film festivals around the world many of which encourage submissions from amateur filmmakers shows there are countless filmmakers who aren't learning the ropes in school Author has terrific credentials and has a feature length script in development in Hollywood

"Rapt in Secret Studies" Laurie Johnson, 2010-07-12 *Rapt in Secret Studies* Emerging Shakespeares is a collection of new essays in Shakespeare Studies from a generation of scholars presently emerging out of Australia and New Zealand These 18 essays respond in a myriad of ways to the challenge of Prospero's phrase from *The Tempest* in which he tells his daughter Miranda that in his life before the island he had been rapt in secret studies to an early modern audience these words were likely to mean much more than a predilection for the black arts as modern audiences tend to hear in them Each of the key words used by Prospero evoked a range of meanings in early modern times to which the emerging scholars represented in this collection responded by imagining new pathways in Shakespeare Studies a field of study that has in recent times risked being marginalised even within the traditional liberal arts The secret studies of which Prospero speaks are in fact more liberal than dark and so the response by new scholars to a challenge issued by one of Shakespeare's characters more than four centuries ago has a renewed sense of relevance in the academy today The essays are divided into

three sections each of which is oriented toward meanings that are specifically associated with one of the key terms in Prospero's phrase. The rapt section has essays concerned with excess in its various forms: jealousy, obsession, sex, violence, and even death, as well as with travel and its impact on ways of knowing about the world. In the secret section, the nature of things about which the early modern could scarcely speak are taken into consideration with essays on prevailing early modern myths, infidelities, stillborn children, contagion, and the instruments of secrecy such as gossip and spies. Finally, in the study section, essays cover issues related both to early modern textual practice, the use of historical source materials in Shakespeare's writing, questions of multiple authorship, and the issue of early modern style and kinds of drama, and to more modern scholarly practice, such as the role of Shakespeare in the New Bibliography and the New Historicism.

Martin Scorsese Vincent LoBrutto, 2007-11-30. Martin Scorsese's current position in the international film community is unrivaled, and his name has become synonymous with the highest standards of filmmaking excellence. He is widely considered America's best living film director, and his *Taxi Driver* and *Raging Bull* appear frequently on worldwide surveys of the best films of all time. Here, in the first biographical account of this artist's life, Vincent LoBrutto traces Scorsese's Italian American heritage, his strict Catholic upbringing, the continuing role of religion in his life and art, his obsessive love of cinema history, and the powerful impact that the streets of New York City had on his personal life and his professional career. Meanwhile, the filmmaker's humble, soft-spoken public persona tells only part of the story, and LoBrutto will delve into the other side of a complex and often tortured personality. Scorsese's intense passion, his private relationships, his stormy marriages, and his battles with drugs and depression are all chronicled here, and in many cases for the first time. In addition, the book includes an interview with the director, as well as filmographies cataloging his work as a director, producer, actor, and presenter. As his Best Director award at the 2007 Oscars clearly demonstrated, Scorsese has become something like Hollywood royalty in recent years, finally enjoying the insider status and favor that eluded him for most of his career. But these recent developments aside, Scorsese is also notable as a distinctly American type of artist, one whose work, created in a medium largely controlled by commercialism and marketing, has always been unmistakably his own, and who thus remains a touchstone of artistic integrity in American cinema.

In *Martin Scorsese: A Biography*, readers can examine not only the work of one of the form's genuine artists, but also the forces that have propelled the man behind it.

Women Make Horror Alison Peirse, 2020-09-17. Winner of the 2021 Best Edited Collection Award from BAFTSS. Winner of the 2021 British Fantasy Award in Best Non-Fiction. Finalist for the 2020 Bram Stoker Award for Superior Achievement in Non-Fiction. Runner Up for Book of the Year in the 19th Annual Rondo Halton Classic Horror Awards. But women were never out there making horror films that's why they are not written about; you can't include what doesn't exist. Women are just not that interested in making horror films. This is what you get when you are a woman working in horror, whether as a writer, academic, festival programmer, or filmmaker. These assumptions are based on decades of flawed scholarly, critical, and industrial thinking about the genre.

Women Make Horror sets right these misconceptions Women have always made horror They have always been an audience for the genre and today as this book reveals women academics critics and filmmakers alike remain committed to a film genre that offers almost unlimited opportunities for exploring and deconstructing social and cultural constructions of gender femininity sexuality and the body Women Make Horror explores narrative and experimental cinema short anthology and feature filmmaking and offers case studies of North American Latin American European East Asian and Australian filmmakers films and festivals With this book we can transform how we think about women filmmakers and genre

Learning the Left Paul J. Ramsey,2015-05-01 Learning the Left examines the ways in which young people and adults learned and continue to learn the tenets of liberal politics in the United States through the popular media and the arts from the turn of the twentieth century to the present This collection of essays foregrounds mass culture as an educational site it is hoped that this focus on the history of the civic functions of the popular media and arts will begin a much needed conversation among a variety of scholars notably historians of education
