Henry M. Walker

Mathematical Literacy P1 June 2013:

Education Is Upside-Down Eric Kalenze, 2014-10-08 Education Is Upside Down cuts through adjustments being made at technical levels of educational practice and accountability challenging ideals and philosophies that have powered American Education for most of the last century This book explains how and why long standing approaches generate flawed instructional practices flawed systemic reform efforts and a fundamental misalignment between the educational institution and the society it is missioned to serve Education Is Upside Down urges readers wishing to improve American Education to more carefully consider the institution s central mission challenge long accepted truths of practice and question current reform efforts and actions In full Education Is Upside Down resists the practitioner vs reformer blame game seeking ultimately to carefully untangle not tighten by yanking on any single strand the long complicated knot of American Education

Multilingual Hong Kong: Languages, Literacies and Identities David C.S. Li, 2017-01-12 This volume gives an up to date account of the language situation and social context in multilingual Hong Kong After an in depth interpretive analysis of various language contact phenomena it shows why it is such a tall order for Hongkongers to live up to the Special Administrative Region government s language policy goalpost biliteracy and trilingualism A detailed contrastive analysis between Cantonese and a English b Modern Written Chinese and c Putonghua helps explain the nature of the linguistic and acquisitional challenges involved Economic forces and sociopolitical realities helped shape the mother tongue education or dual MoI streaming policy since September 1998 The book provides a critical review of the significant milestones and key policy documents from the early 1990s and outlines the concerns of stakeholders at the receiving end Another MoI debate concerns the feasibility and desirability of teaching Chinese in Putonghua TCP Based on a critical review of the TCP literature and recent psycholinguistic and neuroscience research the language in education policy implications are discussed followed by a few recommendations Hongkongers of South Asian descent saw their life chances curtailed as a result of the post 1997 changes in the language requirements for gaining access to civil service positions and higher education Based on a study of 15 South Asian undergraduate students prior language learning experiences recommendations are made to help redress that social inequity problem
