

## Chapter 1

### Assurance and auditing: an overview

#### Learning objectives

- 1.1 Understand the framework for assurance engagements and the types of assurance engagements that can be provided.
- 1.2 Define auditing and appreciate the fundamental principles underlying an audit.
- 1.3 Appreciate the attributes of accounting information and understand the reasons giving rise to demand for assurance.
- 1.4 Explain the concept of the expectation gap, especially in the areas of auditor's report messages, corporate failures, fraud and communicating different levels of assurance, and appreciate the relationships between the auditor, the client and the public.
- 1.5 Appreciate the role of auditing standards and their authority under the Corporations Act 2001.
- 1.6 Obtain an overview of other applications of the assurance function, including compliance auditing, performance auditing, comprehensive auditing, internal auditing and forensic auditing, as well as providing assurance on subject matter other than historical financial information.

#### Major chapter sections

The framework for assurance engagements and the types of assurance engagements  
 Auditing—definition and fundamental principles  
 Attributes of accounting information and the demand for assurance  
 The auditor–client–public relationship and the expectation gap  
 The role and authority of auditing standards  
 Other applications of the assurance function

#### Lecture plan

When students arrive at the first lecture, they usually have little understanding of what assurance and auditing entail. We find that the first class is very important for capturing students' attention and stimulating their interest in the subject. (Generally, they have also not read Chapter 1 before the first class.)

It is important to summarise the many things that are currently happening with the auditor's role, especially with the demand for an expanded information set, and with those in charge of resources being made more accountable for their actions.

You can also introduce some of the initiatives of the profession, such as the new form auditor's report, to show how auditors are attempting to communicate better with their constituency. This provides the opportunity to emphasise how important the auditing and assurance profession is currently perceived to be with regard to the role it plays in society, and to set the scene for what students can expect during the course. You should outline the learning objectives for this chapter and walk the students through the flowchart of the overall auditing and assurance framework.

(Use slides 1–2 as 1–11)

#### LO 1.1: Understand the framework for assurance engagements and the types of assurance engagements that can be provided.

With increasing demands for assurance to cover a wide range of subject matters, the International Auditing and Assurance Standards Board (IAASB) recently a revised framework for assurance engagements. This framework covers audits as well as reviews of historical financial information, and also other assurance engagements, such as assurance on corporate social responsibility reports or
