International Business Environment, 2014 **International Business** John D. Daniels, 2025-07. The 17th edition of *International Business Environment and Operations* besides the latest we believe is the greatest version of our work. It is a best-selling international business (IB) textbook both in the United States and worldwide. The long-running choice in many international business studies and MBA programs, it is used around the globe in undergraduate and graduate education. To date, it has been translated into Albanian, Chinese, Korean, Macedonian, Russian, Spanish, and Thai. Its first edition in 1976, according to many professors, defined the intellectual structure of the IB domain. The subsequent 16 editions have fortified its status as the global standard for studying the environments and operations of IB. For nearly half a century, students, teachers, scholars, managers, and officials have praised our text for insightfully integrating authoritative theory with meaningful practice within the context of rigorous analysis of trends and circumstances in IB. Commanding a sharper sense of the political, legal, technological, competitive, and cultural factors sharpens decision making and improves performance. The standards of success that inspire our efforts, we believe, make this edition the best yet. Our collective efforts result in a textbook that provides instructors and students a powerful, productive, and meaningful understanding of the dimensions and dynamics that define the world of business.
