Why the Left Hates America Daniel J. Flynn,2004-09-07 The American flag stands for hatred warmongering and imperialism Our free market system is responsible for killing and oppressing millions of people This country breeds racists and sexists Is America really that bad It is if you accept the lies and propaganda from the anti American Left in our own country This dismal distorted view of the greatest freest nation in history comes from a Left who would rather idolize Ho Chi Minh and Fidel Castro than honor George Washington and Thomas Jefferson who burn down businesses and destroy property to protest free markets and who fight alongside radical terrorists rather than against them They trample the Constitution while hiding behind the First Amendment and their idea of displaying the American flag is setting it on fire and parading it through the streets Yes this is a Left comprised of people who truly hate their country and they will stop at nothing to tear her down smashing our liberty in the process Why the Left Hates America punches a hole right through the thin veneer of political correctness that has long protected these anti Americans exposing their rotting vacuous core Author and commentator Daniel J Flynn digs deep into the American Left and reveals why they blame every bad deed in the world on the United States while ignoring her myriad contributions This book cogently points out that of course all Americans have the right to speak their minds But all too often the actions by the anti American Left become destructive and anarchistic You need not look any further than the explosive 1999 World Trade Organization protests in Seattle campus book burnings or even John Walker Lindh to see that factions on the Left are the worst perpetrators of anti Americanism And

what may be most shocking is that many of these anti Americans are at the same time teachers professors journalists news reporters and even judges and politicians Probing and controversial without devolving into jingoism this book proves once and for all that what you see in the news and learn in school is often tainted by the anti American Left and it shows you what you can do to keep them at bay **Kuwait Amid War, Peace and Revolution** Lori Plotkin Boghardt,2006-10-31 This books explores Kuwaiti internal security challenges of terrorism sabotage and subversion and using untapped Kuwaiti government sources examines policy responses such as mass deportations and special security trials The study details how turmoil in neighbouring states and religious tensions threaten Kuwait s environment *Mass Expulsion in Modern International Law and Practice* Jean-Marie Henckaerts,2021-09-27
