Law and Professional Issues in Nursing Richard Griffith, Cassam Tengnah, 2020-02-29. Nurses are more accountable than ever to the public, patients, their employers and the profession as a whole so it is vital you understand the legal, ethical and professional framework that underpins nursing practice. This book provides a crash course in law for nurses written in clear and straightforward language. It is filled with insightful case studies and interactive thought provoking activities helping you to understand the legal obligations you will face and ensuring that you are prepared for life as a practicing nurse. New to this edition: Fully mapped to the latest NMC standards of proficiency for registered nurses 2018. New chapter covering death, dying and organ donation. Updated to take account of the Deprivation of Liberty Act. New content covering GDPR, Social Media and Safeguarding of Adults and Children.

Clinical Nursing Practices E-Book Elizabeth Jamieson, Janice M. McCall, Lesley A. Whyte, 2007-04-05. This title is directed primarily towards health care professionals outside of the United States. It is a well known text that provides guidelines for over 40 common nursing procedures carried out by carers in a variety of settings. The development of competence in these practices is one of the most important aspects of pre registration programmes and this is one of the few UK based texts that takes an educational approach to these practices as opposed to a purely procedure driven approach. As in previous editions the emphasis is on a holistic approach with the recognition that each patient is a unique individual. Each procedure contains rationale and information for patient education in addition to step by step guidance. Skills explained step by step to facilitate learning. The comprehensive range of procedures including advanced practices will give readers confidence when they begin clinical work. Relevance to hospital and community settings makes it applicable to a wide audience. The rationale sections link to the evidence base thereby ensuring best practice.

Foundation Studies for Caring Edward Alan Glasper, Gillian McEwing, John E. Richardson, 2018-01-16. Supported by a companion skills volume and website. Foundation Studies for Caring is a comprehensive introductory text for all health professionals which maps directly on to the key skills framework. Taking a student centred learning and interprofessional approach it is the most inclusive and engaging theory text in the market.

Beginning Reflective Practice Melanie Jasper, 2003. This title introduces the concept of reflective practice and explains its purpose to the healthcare student or professional in the UK. It demonstrates the skills necessary for effective reflective practice and explores the benefits of successful reflection in relation to pre

registration profiles and Continuing Professional Development

Potter & Perry's Fundamentals of Nursing - AUS

Version - E-Book Geraldine Rebeiro, Jackie Crisp, Clint Douglas, 2012-11-09 Potter and Perry's Fundamentals of Nursing 4th ANZ edition ebook is the leading fundamentals text for nursing students in Australia and New Zealand. The dynamic fourth edition of Potter and Perry's Fundamentals of Nursing presents an engaging approach to the fundamentals of nursing while building on its renowned reputation as the foremost text for nursing students across Australia and New Zealand. The new editorial team presents a critical thinking approach to encourage the critical skills and understandings students require to maintain a high level of active engagement in the development of their practice within the health care systems they will work throughout their careers. Meaningful clinical examples combined with critical thinking questions promote reflection and support deeper learning. These examples underscore how putting quality nursing knowledge and skills into practice can mean the difference between patient recovery and independence versus life-threatening complications and patient decline. Current research examples encourage students to see the dynamic nature of evidence for nursing practice and gain understanding that ongoing change in practice is the norm and should be embraced. Potter and Perry's Fundamentals of Nursing 4th ANZ edition ebook is supported by the Fundamentals of Nursing clinical skills workbook 2nd edition. The skills in this indispensable workbook are directly aligned to the National Competency Standards for the Registered Nurse for Australia and New Zealand and support the theory and practice of each skill. A mobile study app for iOS called ClinicalCases is also available via the Apple App store for purchase. The ClinicalCases app takes an engaging approach to learning and revision. Students will find it the perfect exam preparation and study tool. It consists of 24 progressive case studies with MCQs and explanations for all answers. It also features over 150 Flash card key terms and a Word game. A great way to learn at your own pace whenever wherever. Elsevier's Evolve platform also offers a wealth of online resources for nursing students and lecturers including an impressive suite of Australian nursing clinical skills videos to be used in conjunction with the text and workbook. These videos are ideal for viewing in class or during independent study and are a valuable tool for revision prior to assessment. Other online resources include PowerPoint presentations, an exam view test bank, critical thinking questions and answers, integrated lesson plans, images, weblinks, and a chapter on the Essentials of Care.
