International Perspectives on Educational Administration using Educational Inquiry Abdur Rasheed

Olowoselu, Areej ElSary, 2024-08-02 This edited volume sets out the current issues that face educational administrative processes and resources across the globe and provides implication lead responses for how best to tackle new challenges that arise. Featuring contributions and perspectives from the UAE, Nigeria, Malaysia, Indonesia, Portugal, Spain, Iran, and the United States, this diverse and truly international volume discusses the management of resources, tasks, and communication key to the smooth running of educational institutions. Divided into four distinct parts, the chapters examine educational administration from theoretical, conceptual, and empirical angles, focusing on theories, administrative procedures, decision support systems, and management techniques in educational administration, as well as reward management and digital leadership. This book bridges the gap in educational administration by showcasing new trends across many countries and examining the role of theory in the field using examples of classical and contemporary approaches, systems theory, leadership theory, and theories of change and innovation. Ultimately presenting a problem-solving approach to the current educational administrative situation globally, this volume will be of interest to researchers, scholars, and faculty members involved with education administration research, educational administration theory, and leadership. Practitioners working on educational process improvement and organizational studies will also benefit from the volume. Facilitating Evidence-Based,

Data-Driven School Counseling Brett Zyromski, Melissa A. Mariani, 2016-02-26 Counselors make a difference and now you can prove it. As students' needs change, dedicated school counselors have been evolving their practice. You see the results every day on the faces of the at-risk students you serve. To meet accountability standards, though, you need more than faces. You need data the number crunchers can understand. With this user-friendly manual, make the shift to evidence-based practices and interventions in a data-driven comprehensive school counseling program based on ASCA's national model while keeping the personal nature of your work intact. The book includes visual guides and checklists for every step of the process. Examples of successful counseling program evolution. Guidance on developing and submitting a successful Recognized ASCA Model Program RAMP application. Supporting documents in an online resource center. Ensure that school counseling is recognized as an essential part of school improvement and students' academic success by using this unique and innovative model. Provides realistic examples, clear templates, and step-by-step strategies that ease the stress of what is often seen as an overwhelming process. Judith Bookhamer, Executive Director, Pennsylvania School Counselors Association. Provides succinct and straight-forward tools to assist school counselors in marrying data-based decision-making practices with evidence-based counseling to create successful outcomes. This is a school counselor's dream. Franciene Sabens, Professional School Counselor, Chester High School, Chester, IL. Starting with creating mission and vision statements and ending with advocacy efforts, the authors outline specific ways school counselors can integrate evidence-based interventions in their programming to positively
