Military Combat Tactics Manual DL:

Dirty Knife Tactics Matei Florin, This manual has the goal to make you understand how criminal minded individuals are operating and what kind of tactics are using in such a way that you can identify how you can apply the right methods and tactics to increase your chances of survival The manual contain illustrations and drawings created by me in a brutal and violent style with explanations and teachings regarding various topics This type of information cannot be found in any materials on the market regarding the knife combat The knowledge that I have and want to share with you comes from my direct experience with violence from testing and training From teaching TCS for the last 8 years but the most important from other individuals very skilled at violence Together with the manual comes also a Video Course in which I explain and show some of the methods and tactics You can access the video course with a simple scan of a QR code You will find at the end of this work also The Training Cards A set of illustrations that will help you to memorize better some of the knife techniques that I teach I want from the beginning to underline that all this knowledge that I share in this material is already known by criminals and my goal is to AWAKE as many people as possible making them understand the reality behind violent ambushes This manual is for the protectors that really want to prepare themselves for the worst being able to protect their lives or the ones around This material comes as a support in the process of learning and must not replace face to face training In this manual I try to share some information s and instructions that I think can help you develop a good set of skills regarding the knife Everything requires time dedication and a lot of hard work to achieve a level of mastery The illustrations that I draw is one of the elements that differentiate this manual from other knife combat materials I wanted to create images that can help the student understand better this topic by giving them visual explicit content I share in this manual knife tactics techniques and strategies teaching you unorthodox methods how criminals are ambushing and how to prepare for counter ambush situations but also how to create improvised weapons

The SAGES Manual for Navigating a Successful Military Surgical Career Andrew T. Schlussel,Danielle B. Holt,Robert B. Lim,Tamara J. Worlton,E. Matthew Ritter,2025-07-02 The aim of this manual is to offer a comprehensive framework for both present and future military surgeons enabling them to effectively navigate and build a successful career within the military while also providing them with transferable skills upon completion of their military service The military healthcare system operates within a unique framework with distinct challenges and opportunities By acquiring knowledge and insights into the intricacies of military career paths surgeons can make informed decisions about assignments promotions and professional development Navigating an Army Air Force Navy or Reserve career requires an understanding of the organizational structures consultant roles and specific requirements of each service branch Additionally being aware of opportunities for advanced education leadership development and operational assignments enables surgeons to develop a career trajectory aligned with their goals and aspirations Presently there is not a sole source document either in the military or civilian sectors that allows easy access and references to the multiple

opportunities afforded to military surgeons or an understanding of life as a surgeon on active duty Furthermore this text provides context to civilian organizations administrative personnel recruiting departments and family members that interact with or assist in making important decisions for military surgeons This manual features insight and guidance from senior leaders of our Armed Forces both past and present who have excelled in academic operational and clinical surgical careers By providing a reference for successfully navigating a military career this will not only enhance the professional growth of a surgeon but also ensure the delivery of high quality healthcare to our service members and beneficiaries both domestic and abroad
