

INTRODUCTION

MAYOR'S MANAGEMENT REPORT

As mandated by Section 12 of the New York City Charter, the Mayor reports to the public and the City Council twice yearly on the performance of municipal agencies in delivering services. The annual Mayor's Management Report (MMR) covers the twelve-month fiscal year period, from July through June. The Preliminary Mayor's Management Report (PMMR) covers performance for the first four months of the fiscal year, from July through October. The Charter provisions governing the submission of the MMR can be viewed on the Mayor's Office of Operations' website at www.nyc.gov/mmr.

The MMR and PMMR cover the operations of City agencies that report directly to the Mayor. Three additional non-Mayoral agencies are included, for a total of 44 agencies and organizations. Activities that have direct impact on New Yorkers - including the provision of support services to other agencies - are the focus of the report. The report is organized by agency around a set of services listed at the beginning of each agency chapter. Within service areas, goals articulate the agency's aspirations. The services and goals were developed through collaboration between the Office of Operations and the senior managers of each agency.

The "Performance Indicators" tables contain the following standard information for the measurements of each agency's goals -

- In the MMR, the most recent five full fiscal years of data are presented. In the PMMR, results are shown for the first four months of the current and preceding fiscal years, in addition to three previous full fiscal years.
- A star designation (★) showing which indicators are deemed critical.
- Numeric targets, if appropriate, allowing for the comparison of actual performance against these projected levels of service. Targets for the next year are set initially in the PMMR based on the City's preliminary budget and are later updated in the MMR, if necessary, based on the adopted budget or revised performance expectations.

Because resources affect an agency's ability to perform, the MMR and PMMR also present, for each agency, an overview of resources used and resources projected for use including personnel levels, overtime, expenditures, revenues and capital commitments.
