How To Write An Of Art And Craft Demos:

Exhibiting Craft and Design Alla Myzelev, 2017-06-14 Exhibiting Craft and Design Transgressing the White Cube Paradigm investigates the firmly established manner in which craft and design have typically been presented by museums and galleries what strategies curators have employed throughout the twentieth century and especially in more recent years how exhibiting design and craft objects challenges the notion of the modernist White Cube display paradigm Craft Howard Risatti, 2009-09-15 What is craft How is it different from fine art or design In A Theory of Craft Howard Risatti examines these issues by comparing handmade ceramics glass metalwork weaving and furniture to painting sculpture photography and machine made design from Bauhaus to the Memphis Group He describes craft as uniquely blending function with a deeper expression of human values that transcend culture time and space Craft must articulate a role for itself in contemporary society says Risatti otherwise it will be absorbed by fine art or design and its singular approach to understanding the world will be lost A New Deal for Native Art Jennifer McLerran, 2022-08-16 As the Great Depression touched every corner of America the New Deal promoted indigenous arts and crafts as a means of bootstrapping Native American peoples But New Deal administrators romanticization of indigenous artists predisposed them to favor pre industrial forms rather than art that responded to contemporary markets In A New Deal for Native Art Jennifer McLerran reveals how positioning the native artist as a pre modern Other served the goals of New Deal programs and how this sometimes worked at cross purposes with promoting native self sufficiency. She describes federal policies of the 1930s and early 1940s that sought to generate an upscale market for Native American arts and crafts And by unraveling the complex ways in which commodification was negotiated and the roles that producers consumers and New Deal administrators played in that process she sheds new light on native art s commodity status and the artist s position as colonial subject In this first book to address the ways in which New Deal Indian policy specifically advanced commodification and colonization McLerran reviews its multi pronged effort to improve the market for Indian art through the Indian Arts and Crafts Board arts and crafts cooperatives murals museum exhibits and Civilian Conservation Corps projects Presenting nationwide case studies that demonstrate transcultural dynamics of production and reception she argues for viewing Indian art as a commodity as part of the national economy and as part of national political trends and reform efforts McLerran marks the contributions of key individuals from John Collier and Rene d Harnoncourt to Navajo artist Gerald Nailor whose mural in the Navajo Nation Council House conveyed distinctly different messages to outsiders and tribal members Featuring dozens of illustrations A New Deal for Native Art offers a new look at the complexities of folk art revivals as it opens a new window on the Indian New Deal
