Ifrs Implementation Guide 2011:

Teaching IFRS Richard M.S. Wilson,Ralph W. Adler,2013-09-13 The increasing pace of global conformance towards the adoption of International Financial Reporting Standards IFRS highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption Drawing upon the experiences of those who have sought to introduce IFRS related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to support those courses This book was originally published as a special issue of Accounting Education An international journal

Standardization of Financial Reporting and Accounting in Latin American Countries Lourenço, Isabel,Major, Maria,2015-07-01 Accounting has often been described as the language of business As the increasing competition of overseas markets begins to affect even the smallest local companies many more business professionals must become fluent in accounting principles and practice Standardization of Financial Reporting and Accounting in Latin American Countries highlights the recent move to International Financial Reporting Standards IFRS and addresses some of the concerns raised due to cultural differences and the level of enforcement of these standards in separate countries Describing the evolution of both financial and managerial accounting due to the adoption of IFRS this book is an essential reference source for both students and seasoned professionals in the fields of accounting finance and related management fields especially those with an international emphasis International Financial Reporting Standards Greg F. Burton,Eva K. Jermakowicz,2015-02-20 International Financial Reporting Standards A Framework based Perspective links broad concepts and general accounting principles to the specific requirements of IFRS to help students develop and understand the judgments required in using a principle based standard Although it is still unclear whether the US will adopt IFRS the global business environment makes it necessary for accounting students and professionals to be bilingual in both US GAAP and IFRS This comprehensive textbook offers A clear presentation of the concepts underlying IFRS A conceptual framework to guide students in interpreting and applying IFRS rules A comparison between IFRS and US GAAP to develop students understanding of the requirements of each standard Real world examples and case studies to link accounting theory to practice while also exposing students to different interpretations and applications of IFRS End of chapter material covering other aspects of financial reporting including international auditing standards international ethics standards and corporate governance and enforcement as well as emerging topics such as integrated accounting sustainability and social responsibility accounting and new forms of

financial reporting Burton Jermakowicz have crafted a thorough and extensive tool to give students a competitive edge in understanding and applying IFRS A companion website provides additional support for both students and instructors

Islamic Accounting And Finance: A Handbook Khaled Hussainey, Hidayat Al Lawati, 2023-03-23 Islamic finance is one of the fastest growing sectors in international banking and finance Owing to the increasing availability and ease of access to Islamic services Islamic finance has become increasingly important not only in Muslim countries but around the world making it a global industry Under the Gulf Cooperation Council GCC as well as in some regions such as the Middle East and North Africa a dual financial system is implemented where Sharia compliant products are marketed alongside conventional financial systems In this thoroughly researched collection of chapters researchers from around the world examine the role of Islamic finance in the economies and prospects of different companies They discuss Islamic finance literature from both theoretical and empirical perspectives The theoretical section of the book consists of conceptual chapters that enable readers to critically evaluate and expand their understanding of accounting and finance The chapters in the empirical section of this handbook discuss and interpret empirical evidence to provide clear implications for practice research and society This section bridges the gap between theory and practice and offers suggestions for future research *Islamic Accounting and Finance* is geared towards scholars and students but it is also of use to banking and finance practitioners

Economics and Political Implications of International Financial Reporting Standards Uchenna, Efobi, Nnadi, Matthias, Tanna, Sailesh, Iyoha, Francis, 2016-03-08 International Financial Reporting Standards IFRS are internationally recognized financial reporting guidelines regulated by the International Accounting Standards Board IASB to ensure that uniformity exists in the global financial system In addition to regulating financial reporting the adoption of IFRS has been shown to impact the flow of foreign capital and trade *Economics and Political Implications of International Financial Reporting Standards* focuses on the consequences and determinants of the adoption of the International Financial Reporting Standard IFRS which has remained a top issue in International Accounting This timely publication brings to the forefront issues related to the political and economic influences and impacts of IFRS in addition to providing a platform for further research in this area Policy makers academics researchers graduate level students and professionals across the fields of management economics finance international relations and political science will find this publication pertinent to furthering their understanding of financial reporting at the global level
