Kundalini Awakening for Personal Mastery Robert Morgen, 2005-10 The Kundalini is a powerful pool of energy that lies dormant at the base of the spine For thousands of years the Awakening of the Kundalini has been enshrouded in myth and mystery The simple fact is that Awakening the Kundalini really isn't that hard People do it all the time completely by accident What can be extremely difficult is learning to deal with the changes that an Awakened Kundalini can bring about in your life Robert Morgen had a Kundalini Awakening during a near death experience in 1992 and then spent the next decade on a quest to understand what had happened and how to adjust to the changes in his life The kundalini can show you why you're here what life is really all about and help unveil the mysteries surrounding our everyday lives This book can teach you to calm your mind improve your health and develop abilities that most people aren't even aware of says Morgen Using the exercises in this book the dedicated Seeker that's YOU can not only learn to tap into these hidden reserves of energy but do so safely and efficiently The topics covered include Meditation Basics unlocking your inner power Kundalini and Enlightenment Developing your Self Awareness Seeing and feeling energy Complete Self Acceptance Opening and Balancing the Chakras And much more Personal Mastery is an incremental process says Morgen Rather than making huge unsustainable changes it's all about developing your true self and becoming the person you were meant to be No matter who or where you are your path to your own personal mastery starts right NOW *THE YOGA THERAPY HANDBOOK - BOOK FOUR - REVISED SECOND EDITION* ROGER MARTIN DAVIS, ADISA M. OMAR, 2015-03-27

The long awaited revised 2nd edition of *The Yoga Therapy Handbook* has arrived It is greatly expanded colorful and much more descriptive than the original edition from 2007 The new version is contained in four distinct volumes Book 1-4 that are being sold separately with an a la cart styling so readers can pick and choose from what works best for them as either a novice beginner or advanced Yoga therapist Perhaps what is most intriguing though about this 2nd edition is that in the interim period the author made a dramatic and controversial decision to embrace Al Islam Accordingly this edition wrestles with those quintessential elements that make a comparative religion flow to this text quite different than any other Yoga therapy book on the market today The author also revives his review of the multicultural expressions as well in both Yoga Science and meditation practices The creative artistic flair of the illustrator Sue Jeong Ka is still woven into the fabric of this text This Fine Artist who is originally from South Korea ROK now lives and works in the USA New York City Surely her talents have expanded since the first edition and we hope with the print edition to follow she add some new illustrations to enliven this text **Chakra System**

The Doctrine of Awakening Julius Evola, 2018-07-13 In a probing analysis of the oldest Buddhist texts Julius Evola places the doctrine of liberation in its original context The early teachings he suggests offer the foremost example of an active spirituality that is opposed to the more passive modern forms of theistic religions This sophisticated highly readable analysis of the theory and practice of Buddhist asceticism first published in Italian in 1943 elucidates the central truths of the eightfold path and clears away the later accretions of Buddhist doctrine Evola describes the techniques for conscious liberation from the world of maya and for achieving the state of transcendence beyond dualistic thinking Most surprisingly he argues that the widespread belief in reincarnation is not an original Buddhist tenet Evola presents actual practices of concentration and visualization and places them in the larger metaphysical context of the Buddhist model of mind and universe The Doctrine of the Awakening is a provocative study of the teachings of the Buddha by one of Europe's most stimulating thinkers *Beyond Esoteric* Brad Olsen, 2024-11-14 The word occult means nothing more than to study the realm of the hidden So much of real knowledge and wisdom is disguised because the people who run the planet feel that true information as to how the world works is something the sheeple should not be informed about But truth always resonates Beyond Esoteric takes off the kid gloves and exposes the nefarious control grid extending its tentacles across the planet
