1.
  - a. Under absorption costing, both variable and fixed manufacturing costs are included as a part of the cost of the product manufactured.
  - b. Under variable costing, only the variable manufacturing costs are included as a part of the cost of the product manufactured. The fixed manufacturing costs are treated as an expense of the period in which they are incurred.
2. Fixed factory overhead.
3. Included as part of the cost of product manufactured: (b), (d), (g).
4. In the variable costing income statement, the fixed manufacturing costs and the fixed selling and administrative expenses are reported in a special section for fixed costs and are deducted from the contribution margin.
