The nineteenth-century present Koenraad Claes, Elizabeth Ludlow, 2025-07-29 The Nineteenth Century Present explores the multiple ways in which history was understood structured and reassessed in literary theological and political contexts across the nineteenth century While the scope of the book is wide ranging from the representations of geological time and ancient history to the writing of the recent past and covering the work of writers from Walter Scott to G K Chesterton each chapter reveals how present concerns intrude on and shape every view of history Ultimately the collection emphasises that issues raised regarding historicity in recent methodological debates were already concerns in the nineteenth century David Foster Wallace in Context Clare Hayes-Brady, 2022-12-01 David Foster Wallace is regarded as one of the most important American writers of the twentieth and twenty first centuries This book introduces readers to the literary philosophical and political contexts of Wallace s work An accessible and useable resource this volume conceptualizes his work within long standing critical traditions and with a new awareness of his importance for American literary studies It shows the range of issues and contexts that inform the work and reading of David Foster Wallace connecting his writing to diverse ideas periods and themes Essays cover topics on gender sex violence race philosophy poetry and geography among many others quiding new and long standing readers in understanding the work and influence of this important writer

Reading David Foster Wallace between philosophy and literature Allard den Dulk, Pia Masiero, Adriano Ardovino, 2022-11-08 This book breaks new ground by showing that the work of David Foster Wallace originates from and functions in the space between philosophy and literature Philosophy is not a mere supplement to or decoration of his writing nor does he use literature to illustrate pre established philosophical truths Rather for Wallace philosophy and literature are intertwined ways of experiencing and expressing the world that emerge from and amplify each other The book does not advance a fixed or homogenous interpretation of Wallace's oeuvre but instead offers an investigative approach that allows for

a variety of readings The volume features fourteen new essays by prominent and promising Wallace scholars divided into three parts one on general aspects of Wallace's oeuvre such as his aesthetics form and engagement with performance and two parts with thematic focuses namely Consciousness Self and Others and Embodiment Gender and Sexuality Opatoshu Sabine Koller, 2017-12-02 At the turn of the twentieth century East European Jews underwent a radical cultural transformation which turned a traditional religious community into a modern nation struggling to find its place in the world An important figure in this Jewish Renaissance was the American Yiddish writer and activist Joseph Opatoshu 1886 1954 Born into a Hassidic family he spent his early childhood in a forest in Central Poland was educated in Russia and studied engineering in France and America In New York where he emigrated in 1907 he joined the revitalizing modernist group Di yunge The Young His early novels painted a vivid picture of social turmoil and inner psychological conflict using modernist devices of multiple voices and mixed linguistic idioms He acquired international fame by his historical novels about the Polish uprising of 1863 and the expulsion of Jews from Regensburg in 1519 Though he was translated into several languages Yiddish writing always fostered his ideas and ideals of Jewish identity Although he occupied a key position in the transnational Jewish culture during his lifetime Opatoshu has until recently been neglected by scholars This volume brings together literary specialists and historians working in Jewish and Slavic Studies who analyse Opatoshu's quest for modern Jewish identity from different perspectives The contributors are Shlomo Berger Amsterdam Marc Caplan Baltimore MD Gennady Estraikh New York Roland Gruschka Heidelberg Ellie Kellman Boston Sabine Koller Regensburg Mikhail Krutikov Ann Arbor MI Joshua Lambert Amherst MA Harriet Murav Urbana Champaign IL Avrom Novershtern Jerusalem Dan Opatoshu Los Angeles Eugenia Prokop Janiec Krakow Jan Schwarz Lund Astrid Starck Basel Mulhouse Karolina Szymaniak Krakow and Evita Wiecki Munich **Blooming and Contending** Michael S. Duke, 1985 Chinese literature has been the slave of politics at least since 1948 and especially during the Cultural Revolution So repressed and convoluted is most Chinese literature that the West cannot read it as literature at all but rather as sociological and political texts Professor Duke believes this has changed enough since 1977 to permit genuine literary analysis This book surveys and analyzes the most important literary events in the PRC from 1977 to 1982 Chapter I covers the significant changes in the Chinese Party line on literature and art during this period and thus provides the backdrop for literary and artistic endeavor Subsequent chapters deal with the critique of Chinese literature by China s own writers the neo realistic fiction of 1979 80 the nonfiction works of a courageous investigative reporter for the People's Daily and the theme of humanism and its treatment in the works of Bai Hua and Dai Houying The final chapter discusses the post Mao generation of young writers who are trying to create works that go beyond narrowly ideological boundaries of the past and reach toward a true modern Chinese literature Housina the New Romans Katharine T. von Stackelberg, Elizabeth Macaulay-Lewis, 2017 In the last twenty years reception studies have significantly enhanced our understanding of the ways in which Classics has shaped modern Western culture but very

little attention has been directed toward the reception of classical architecture Housing the New Romans Architectual Reception and Classical Style in the Modern World addresses this gap by investigating ways in which appropriation and allusion facilitated the reception of Classical Greece and Rome through the requisition and redeployment of classicizing tropes to create neo Antique sites of dwelling in the 19th and early 20th centuries The volume across nine essays will cover both European and American iterations of place making including Sir John Soanes house in London the H tel de Beauharnais in Paris and the Getty Villa in California By focusing on structures and places that are oriented towards private life houses hotels clubs tombs and gardens the volume directs the critical gaze towards diverse and complex sites of curatorial self fashioning The goal of the volume is to provide a multiplicity of interpretative frameworks e g object agency enchantment hyperreality memory infrastructure that may be applied to the study of architectural reception This critical approach makes Housing the New Romans the first work of its kind in the emerging field of architectural and landscape reception studies and in the hitherto textually dominated field of classical reception The Ladies' Man Elinor Lipman, 2000-05-09 From the beloved author of Ms Demeanor and Every Tom Dick Harry comes a darkly romantic comedy of manners that confirms Elinor Lipman's appointment to the Jane Austen chair in modern American sensibility Thirty unmarried years have passed since the barely suitable Harvey Nash failed to show up at a grand Boston hotel for his own engagement party Today the near bride Adele Dobbin and her two sisters Lois and Kathleen blame Harvey for what unkind relatives call their spinsterhood and what potential beaus might characterize as a leery united front The doorbell rings one cold April night Harvey Nash older filled with regrets sort of more charming and arousable than ever just in from the Coast where he s reinvented himself as Nash Harvey jingle composer and chronic bachelor has returned to the scene of his first romantic crime Despite the sisters scars and grudges despite his platinum tongue and roving eye this old flame becomes an improbable catalyst for the untried and the long overdue The refined and level headed Adele finds herself flirting with her boss on public television Entrepreneurial Kathleen is suddenly drinking cappuccino with Lorenz the handsome doorman at the luxury high rise where she owns a lingerie boutique And Lois the only sister to have embarked on the road to matrimony and subsequently divorce revives her long cherished notion that Harvey abandoned Adele rather than indulge his preference for another Dobbin Both comic and compassionate The Ladies Man has all of Lipman's trademark wit wattage and social mischief with an extra bite Who's who in Gay and Lesbian History Robert Aldrich, Garry Wotherspoon, 2001 500 entries from more than 100 contributors profiling gay and lesbians throughout history ranging from Sappho to Andre Gide most entries are accompanied by a bibliography **Re-visioning Historical Fiction for Young Readers** Kim Wilson, 2011-06-15 This study is concerned with how readers are positioned to interpret the past in historical fiction for children and young adults Looking at literature published within the last thirty to forty years Wilson identifies and explores a prevalent trend for re visioning and rewriting the past according to modern social and political ideological assumptions Fiction within this genre while concerned with the

past at the level of content is additionally concerned with present views of that historical past because of the future to which it is moving Specific areas of discussion include the identification of a new sub genre Living history fiction stories of Joan of Arc historical fiction featuring agentic females the very popular Scholastic Press historical journal series fictions of war and historical fiction featuring multicultural discourses Wilson observes specific traits in historical fiction written for children most notably how the notion of positive progress into the future is nuanced differently in this literature in which the concept of progress from the past is inextricably linked to the protagonist s potential for agency and the realization of subjectivity The genre consistently manifests a concern with identity construction that in turn informs and influences how a metanarrative of positive progress is played out This book engages in a discussion of the functionality of the past within the genre and offers an interpretative frame for the sifting out of the present from the past in historical fiction for young readers von Kleist Jeffrey L High, Sophia Clark, 2013-12-01 In an authorial class with dramatists and authors of literary prose such as Goethe Schiller Thomas Mann Brecht and Kafka Heinrich von Kleist 1777 1811 remains prominent in international evaluations of artistic genius when measured by enduring popular and artistic reception legal philosophical and scientific criticism and resonance of political rage Scholars have long been fascinated by Kleist's biography and works in no small part due to his influence on authors philosophers political thinkers and filmmakers who regard Kleist as among the most accessible of classic artists one whose relevance requires neither theoretical introduction nor literary historical justification The present volume addresses two centuries of engagement with Kleist and his works from an angle that has proven most important to their popular canonical status his artistic and political legacies What mattered to Kleist has mattered to centuries of readers and thus all the more to artists and thinkers with similarly urgent messages to convey On Their Own Terms H Schmitz, 2004-06-16 On Their Own Terms is a study of how post 1990 German literature reconfigures the legacy of National Socialism and the Holocaust In five sections Historisation Perpetrators Hitler Youth Memories War Memories and Victim Perspective a number of key literary works such as Bernhard Schlink's Der Vorleser Martin Walser's Ein springender Brunnen Gunter Grass s Im Krebsgang and W G Sebald s Austerlitz are analysed The literary texts are situated within the wider context of contemporary German debates on the issue from the exhibition Crimes of the German Wehrmacht 1941 1945 to the Walser Bubis affair and the ensuing debate about representations of German suffering One of the central concerns of this book is the literary configuration of German experience and the narrative strategies employed by the writers to validate it against or set it in context with a perspective of victim experience The Routledge Companion to Literature and Religion Mark Knight, 2016-04-28 This unique and comprehensive volume looks at the study of literature and religion from a contemporary critical perspective Including discussion of global literature and world religions this Companion looks at Key moments in the story of religion and literary studies from Matthew Arnold through to the impact of 9 11 A variety of theoretical approaches to the study of religion and literature Different ways that religion and literature are
