**How to Make a Spaceship** Julian Guthrie, 2017-09-05 A New York Times bestseller. The historic race that reawakened the promise of manned spaceflight. Winner of the 2016 Eugene E. Emme Award for Astronautical Literature. A Finalist for the PEN E.O. Wilson Literary Science Writing Award. Alone in a Spartan black cockpit test pilot Mike Melvill rocketed toward space. He had eighty seconds to exceed the speed of sound and begin the climb to a target no civilian pilot had ever reached. He might not make it back alive. If he did he would make history as the world's first commercial astronaut. The spectacle defied reason, the result of a competition dreamed up by entrepreneur Peter Diamandis whose vision for a new race to space required small teams to do what only the world's largest governments had done before. Peter Diamandis was the son of hardworking immigrants who

wanted their science prodigy to make the family proud and become a doctor But from the age of eight when he watched Apollo 11 land on the Moon his singular goal was to get to space When he realized NASA was winding down manned space flight Diamandis set out on one of the great entrepreneurial adventure stories of our time If the government wouldn't send him to space he would create a private space flight industry himself In the 1990s this idea was the stuff of science fiction Undaunted Diamandis found inspiration in an unlikely place the golden age of aviation He discovered that Charles Lindbergh made his transatlantic flight to win a 25 000 prize The flight made Lindbergh the most famous man on earth and galvanized the airline industry Why Diamandis thought couldn't the same be done for space flight The story of the bullet shaped SpaceShipOne and the other teams in the hunt is an extraordinary tale of making the impossible possible It is driven by outsized characters Burt Rutan Richard Branson John Carmack Paul Allen and obsessive pursuits In the end as Diamandis dreamed the result wasn't just a victory for one team it was the foundation for a new industry and a new age
