Forget Me Not The Descendants One:

A Natural Year Michael Fewer, 2020-03-02 In *A Natural Year* critically acclaimed travel writer Michael Fewer celebrates the everyday wonder of Irish nature in these beautifully written diaries observed from his homes in south Dublin and rural Waterford in which he delights at the startling beauty and extraordinary complexity of the natural world through the tranquil rhythms of the passing seasons Fewer's infectious passion for his subject simply inspires our own observation and suggests how careful study of the natural world around us can be a sure antidote to the stresses of modern life At a time when it is essential for us to understand the crisis that faces our wildlife and environment we need to know more about the natural world around us the treasures that are being needlessly lost and the threat to our very way of life *A Natural Year* will open eyes and hearts to a greater understanding of the world around us and its innate beauty and fragility *House & Garden*
