Branded Faith Rajkumar Dixit, 2010-06-07 Christianity may be the greatest story ever told but in Western culture it is losing ground against the powerful forces of secularization In examining the root causes of this cultural shift does the church have anything to learn from secular society and the business sector For decades the church has resisted the idea of using business methodologies in the religious sphere Yet a closer look reveals that most church hierarchies have borrowed much of their organizational structure from the business sector But the church is not alone in its borrowing Today the lines between the church and the business sector are blurred as both entities influence each other interchangeably In *Branded Faith* Rajkumar Dixit enters an engaging and intellectually stimulating analysis of what the church can learn from the

business practices of marketing branding and contextualization Using examples drawn from widely recognized companies such as Nike Starbucks Coca Cola and Subway Dixit systematically builds a case for the power of a story and emphasizes the importance of seeking culturally relevant ways to spread it Those who care deeply about sharing Christianity powerfully and effectively will find in *Branded Faith* a thoughtful presentation of ideas on how to maintain the integrity of the gospel while exploring fresh methods of communicating the good news to a postmodern society

Godly Relationships Dr Amanda Pool,2021 The author discusses different aspects from a Biblical perspective what she has learned through her journey growing into a deeper relationship with Jesus Christ and others She reflects on scriptural insights to help the reader see through a different lens how one s relationship with Jesus Christ is the ultimate basis to determine the way one will interact not only in the religious arena but also in other areas and more specifically in business in the market place This is not only about an opportunity to grow in relationships in godly character or Biblical excellence but also about listening and being obedient to God s voice The question is asked if are you one of the chosen ones and by hearing God s voice will you be obedient and partake in her Kingdom building godly business or if you have your own change the way you run your business and influence others Your relationship with Jesus Christ is indeed the determining factor in how you live your life and influence others Other aspects that are discussed will give more insights as to the hows and the what nexts and it might just shift some of your perceptions and paradigms in the process Significance Paradigms and Renewing Your Mind Godly Kings in the marketplace Money and Stewardship Growing the Numbers God s many many promises in His Word for example Romans 12 2 Do not be conformed to this world but be transformed changed by the entire renewing of your mind by its new ideals and its new attitude so that you may prove for yourselves what is the good and acceptable and perfect will of God even the thing which is good and acceptable and perfect in His sight for you AMP Romans 15 4 For whatever was written in former days was written for our instruction that by endurance and encouragement from the scriptures we might hold fast and cherish hope AMP

The Bible Made Impossible Christian Smith, 2012-08-01 Biblicism an approach to the Bible common among some American evangelicals emphasizes together the Bible's exclusive authority infallibility clarity self-sufficiency internal consistency self-evident meaning and universal applicability Acclaimed sociologist Christian Smith argues that this approach is misguided and unable to live up to its own claims If evangelical biblicism worked as its proponents say it should there would not be the vast variety of interpretive differences that biblicists themselves reach when they actually read and interpret the Bible Far from challenging the inspiration and authority of Scripture Smith critiques a particular rendering of it encouraging evangelicals to seek a more responsible coherent and defensible approach to biblical authority This important book has generated lively discussion and debate The paperback edition adds a new chapter responding to the conversation that the cloth edition has sparked
