## **Guatemala Human Rights Watch Report:**

**Human Rights Watch World Report 1990**, 1991      **Human Rights Watch World Report 1992** Human Rights Watch, 1991      **Human Rights Watch World Report 1999** Human Rights Watch Staff, 1998-10-12      **Human Rights in the Americas** James T. Lawrence, 2004 The existence of human rights helps secure the peace deter aggression promote the rule of law combat crime and corruption and prevent humanitarian crises These human rights include freedom from torture freedom of expression press freedom women s rights children s rights and the protection of minorities This book surveys the countries of the Americas and is augmented by a current bibliography and useful indexes by subject title and author

*Human Rights Watch*, 1992      **Amnesty, Human Rights and Political Transitions** Louise Mallinder, 2008-09-10 Amnesty laws are political tools used since ancient times by states wishing to quell dissent introduce reforms or achieve peaceful relationships with their enemies In recent years they have become contentious due to a perception that they violate international law particularly the rights of victims and contribute to further violence This view is disputed by political negotiators who often argue that amnesty is a necessary price to pay in order to achieve a stable peaceful and equitable system of government This book aims to investigate whether an amnesty necessarily entails a violation of a state s international obligations or whether an amnesty accompanied by alternative justice mechanisms can in fact contribute positively to both peace and justice This study began by constructing an extensive Amnesty Law Database that contains information on 506 amnesty processes in 130 countries introduced since the Second World War The database and chapter structure were designed to correspond with the key aspects of an amnesty why it was introduced who benefited from its protection which crimes it covered and whether it was conditional In assessing conditional amnesties related transitional justice processes such as selective prosecutions truth commissions community based justice mechanisms lustration and reparations programmes were considered Subsequently the jurisprudence relating to amnesty from national courts international tribunals and courts in third states was addressed The information gathered revealed considerable disparity in state practice relating to amnesties with some aiming to provide victims with a remedy and others seeking to create complete impunity for perpetrators To date few legal trends relating to amnesty laws are emerging although it appears that amnesties offering blanket unconditional immunity for state agents have declined Overall amnesties have increased in popularity since the 1990s and consequently rather than trying to dissuade states from using this tool of transitional justice this book argues that international actors should instead work to limit the more negative forms of amnesty by encouraging states to make them conditional and to introduce complementary programmes to repair the harm and prevent a repetition of the crimes David Dyzenhaus This is one of the best accounts in the truth and reconciliation literature I ve read and certainly the best piece of work on amnesty I ve seen Diane Orentlicher Ms Mallinder s ambitious project provides the kind of empirical treatment that those of us who have worked on the issue of amnesties in international law have long awaited I have no doubt

that her book will be a much valued and widely cited resource      **Human Rights Watch World Report, 2003** Human Rights Watch,2003 The papers in this volume cover a wide range of social economic and ideological aspects of the culture of early Anglo Saxon England from an interdisciplinary perspective The status of Anglo Saxondom and Englishness as cultural and ethnic categories are a recurrent theme while other topics include social and political structures farming in medieval England the spiritual world of the Anglo Saxons and the reconstruction of settlement      **Guatemalan Vigilantism and the Global (Re)Production of Collective Violence** Gavin Weston,2019-08-23 This book grounds an understanding of lynching as an increasingly globalised phenomenon through an examination of two cases in Guatemala The chapters cover issues of migration tourism gangs inter generational conflict media gossip and rumour to understand national and global patterns of mob based vigilantism and how diverse factors are funnelled into singular acts of violence Gavin Weston critically engages with the discussion of Guatemalan lynchings as a form of post conflict violence alongside other less direct chains of causation Lynchings have complex tiered causations based in contestations regarding ideas and provision of justice Underlying social problems and similarities in the way lynchings spread through talk and media make them relatively anticipatable in certain contexts and suggest possible spaces for mitigation against their viral spread This volume will be relevant to Latin Americanists and those interested in the anthropology and sociology of violence post conflict violence and peace studies

**Corruption, Global Security, and World Order** Robert I. Rotberg,2009-12-01 Never before have world order and global security been threatened by so many destabilizing factors from the collapse of macroeconomic stability to nuclear proliferation terrorism and tyranny Corruption Global Security and World Order reveals corruption to be at the very center of these threats and proposes remedies such as positive leadership enhanced transparency tougher punishments and enforceable sanctions Although eliminating corruption is difficult this book s careful prescriptions can reduce and contain threats to global security Contributors Matthew Bunn Harvard University Erica Chenoweth Wesleyan University Sarah Dix Government of Papua New Guinea Peter Eigen Freie Universit t Berlin and Africa Progress Panel Kelly M Greenhill Tufts University Charles Griffin World Bank and Brookings Ben W Heineman Jr Harvard University Nathaniel Heller Global Integrity Jomo Kwame Sundaram United Nations Lucy Koechlin University of Basel Switzerland Johann Graf Lambsdorff University of Passau Germany and Transparency International Robert Legvold Columbia University Emmanuel Pok National Research Institute Papua New Guinea Susan Rose Ackerman Yale University Magdalena Sep lveda Carmona United Nations Daniel Jordan Smith Brown University Rotimi T Suberu Bennington College Jessica C Teets Middlebury College and Laura Underkuffler Cornell University      *Hypocrisy and Human Rights* Kate Cronin-Furman,2022-11-15 Hypocrisy and Human Rights examines what human rights pressure does when it does not work Repressive states with absolutely no intention of complying with their human rights obligations often change course dramatically in response to international pressure They create toothless commissions permit but then obstruct international observers visits and pass showpiece legislation while

simultaneously bolstering their repressive capacity Covering debates over transitional justice in Sri Lanka Myanmar Cambodia Democratic Republic of the Congo and other countries Kate Cronin Furman investigates the diverse ways in which repressive states respond to calls for justice from human rights advocates UN officials and Western governments who add their voices to the victims of mass atrocities to demand accountability She argues that although international pressure cannot elicit compliance in the absence of domestic motivations to comply the complexity of the international system means that there are multiple audiences for both human rights behavior and advocacy and that pressure can produce valuable results through indirect paths

**Gang Strategies in the Northern Triangle** Adam Golob, 2022-08-22 Gang Strategies in the Northern Triangle Coerced Criminality as a Form of Human Trafficking argues for a more robust understanding of the issues dynamics and contextual factors of human trafficking Relying on the definition as established by the Palermo Protocol more than two decades ago this book takes a hard look at the strategies and results of gang recruitment in the Northern Triangle countries as a particular and understudied form of human trafficking gang trafficking It offers a lens through which to evaluate the actions of gangs specifically MS13 and Barrio 18 as they use methods of coercion to force the compliance of youths as de facto gang slaves By elaborating on this dynamic and on the risks associated with anti gang policies and harsh law enforcement practices Gang Strategies in the Northern Triangle unravels the underlying victimization exploitation and criminalization of youths in Honduras Guatemala and El Salvador The book maintains that the crimes of gang violence and the crimes of human trafficking intertwine and intersect to perpetuate an environment of trauma exploitation and hopelessness that leaves thousands with no options as refugees conscripted into gangs incarcerated for crimes they were forced to commit or dead

*NGOs under Pressure in Partial Democracies* Chris van der Borgh, 2014-08-13 Over the past decade international human rights organizations and think tanks have expressed a growing concern that the space of civil society organizations around the world is under pressure This book examines the pressures experienced by NGOs in four partial democracies Guatemala Honduras Indonesia and the Philippines

**Global Governance, Human Rights and International Law** Errol P. Mendes, 2022-08-18 This book offers a stimulating introduction to the links between areas of global governance human rights global economy and international law By drawing on a range of diverse subject areas it argues that the foundations of global governance human rights and international law are undermined by a conflict or tragic flaw where insistence on absolute conceptions of state sovereignty are pitted against universally accepted principles of justice and human rights resulting in destructive self interest for both the state and the global community Following the election of President Donald Trump the second edition will explore how we are witnessing a critical battle to ensure that human rights international law and the beneficial aspects of globalization will still be relevant and applied in some of the critical institutions of global governance and in the operations of the global private sector The second edition will focus on how States institutions and global civil society will have to ramp up the struggle to fight this tragic flaw that is now even

more evident with the actions of the US and other authoritarian states like China and Russia in this second decade of the 21st Century

**Unspeakable Truths** Priscilla B. Hayner, 2010-09-13 This book is a definitive exploration of truth commissions around the world and the anguish injustice and the legacy of hate they are meant to absolve

*Internal Conflict and the International Community* Roderic Alley, 2017-07-05 In this insightful book Roderic Alley debates whether conflict within states has emerged as the Achilles Heel of the international community Utilizing a variety of case materials the book finds internal conflict posing serious potentially debilitating challenges to existing institutional policy and analytical practices in international relations It will greatly interest senior undergraduates post graduates and scholars of international relations comparative politics development studies international law and security and defence studies

**Peace Operations and International Criminal Justice** Majbritt Lyck, 2008-07-29 This new volume provides the first thorough examination of the involvement of peace enforcement soldiers in the detention of indicted war criminals The book firstly addresses why peace enforcement missions need to be involved in detaining indicted war criminals This discussion includes an analysis of how the securing of justice and transitional justice is incorporated into the UN's approach to peace building It also explores IFOR's SFOR's and KFOR's activities aimed at detaining indicted war criminals before turning to an analysis of how the detaining of indicted war criminals is incorporated into peace enforcement doctrines mandates and rules of engagement The book then outlines the mechanisms that need to be established in order to enable peace enforcers to effectively arrest war criminals in the areas where they are deployed It concludes with a discussion of the prospects for the involvement of peace enforcement soldiers in the detention of indicted war criminals and of what lessons future peace enforcement missions can learn from the experience of IFOR SFOR and KFOR

**Reconciliation, Nations and Churches in Latin America** Iain S. Maclean, 2016-04-22 This book examines the recent phenomenon in Latin America of national Truth and Reconciliation commissions Few studies have examined the role of Churches or religion in political processes that proclaim valued theological terms as their agenda truth forgiveness and reconciliation This book questions the role of religion specifically of established Churches The impact of such reconciliation commissions on Indigenous Native Americans is also examined as is the role of women and how both commissions and Churches or religions were challenged by their experiences The contributors offer differing perspectives on one or more national truth and reconciliation processes and thus offer a collection that serves as valuable source for the disciplines of Religious Studies Ethics Theology Political Science Social Sciences and Women's Studies
