

HIGH SCHOOL LAB REPORT

Lab instructions (if any) in this class are given in the form of a handout/book, verbally, or both. Your lab group will consist of pairs or small groups depending upon the equipment available. Each individual lab partner needs to turn in a separate report. These lab reports will always be recorded in your laboratory notebook. The reports of lab partners may be similar but not identical reflecting the student's own thoughts and conclusions about the lab. Do not share your report with anyone. If two labs are obviously the same, the grade will be split in half for both students.

Your report grade will depend on the extent of the write-up required. If you and your partner(s) follow the instructions and perform the experiment carefully, there is no reason why you should not receive maximum credit on every report. The report should be neat, legible and written in complete sentences. In addition, all lab reports should be written in cursive.

Lab reports are due during the next scheduled lab period. Exceptions will be announced. Lab reports are to be turned in at the beginning of the period.
