This third edition provides a systematic overview of the philosophy principles and key issues in middle schooling together with a new depth of focus on the emotional problems and behavioural challenges in working with students. The editors explore in detail two key areas in middle years pedagogy: differentiation and engagement, and there are new chapters on achieving effective transition, the importance of physical activity in adolescence, and how to develop cooperative and collaborative learning. Featuring contributions from leading experts in the field and fully revised and updated to reflect the latest research, *Teaching Middle Years* will assist both pre-service and in-service teachers to bring out the very best in their students. Praise for the first edition: *Teaching Middle Years* gives the reader many ideas and examples based on sound research. It's an excellent coverage of the current thinking in this critical area of education from Teacher The National Education Magazine. Offers educators a combination of theoretical constructions based on Australian and international research and practical suggestions for teaching middle years students based on the proven good practices of many effective middle years teachers from the Australian Journal of Middle Schooling. This book should be required reading for every middle school leader who strives to better understand and facilitate middle level learning and achievement from Choice Current Reviews for Academic Libraries.
