beings     **Tales from the Pitt Panthers** Sam Sciuillo,2004 The Pitt Panthers or the Pittsburgh Panthers Even their name evokes an argument a touch of controversy For anyone who has followed the football and basketball fortunes of the University of Pittsburgh however controversy is just one of many facets of Pitt s programs throughout the institution s very long history Pitt has fielded a football team since 1890 and will celebrate its 100th year of basketball in 2005 Both programs have experienced plenty of success periods of failure lots of humor and some old fashioned heartbreak along the way Tales from the Pitt Panthers goes straight to the people who have lived with and contributed to the stories of Pitt football and basketball including players coaches administrators and fans Author Sam Sciuillo Jr does not intend the book to be a chronological history of either sport but rather a look back at some of famous and not so famous games teams incidents and personalities from both the football and basketball programs From the recruitment of football legends like Marshall Goldberg Tony Dorsett and Dan Marino to the basketball prowess of Charley Hyatt and Charles Smith Tales from the Pitt Panthers takes a behind the scenes look at a major metropolitan area s sports team that continue to excite and at times confound its loyalists This is a book for fans that have ever wondered what it was like to be in the locker room just moments before the opening kickoff or have thought about the emotions felt in the aftermath of a key victory or a crushing loss Included are stories about Tony Dorsett running to the Heisman Trophy and Pitt s national championship season in 1976 a 1970 basketball game at the Field House when a brashpoint guard decided to take strategy into his own hands the things Larry Fitzgerald learned from his near miss shot at the Heisman Trophy in 2003 and Jamie Dixon s thoughts when school officials searched for Ben Howland s replacement after the 2003 season Tales from the Pitt Panthers offers a wide angled look at Pitt football and basketball from several different perspectives from both inside and outside the program     *Every Chart Topper Tells a Story* Sharon Davis,2012-01-06 The glorious sixties were a decade for the young and rebellious of cultural freedom and of sexual liberation The British music scene had never been so adventurous taking even the American charts by storm Every Chart Topper Tells a Story The Sixties takes a look at the number one hit singles of the decade in Britain from artists such as The Rolling Stones The Beatles Elvis Presley Dusty Springfield Ken Dodd Cilla Black The Supremes Cliff Richard and Helen Shapiro and is a valuable and entertaining source of information for all those interested in the sixties music scene     **Field and Stream** ,1926     *Washington Reports ...* Washington (State). Kreider,Arthur Remington,William Henry Anders,1912     Formula 5000 in Europe Wolfgang Klopfer,2004     *Contested Karoo: Interdisciplinary perspectives on change and continuity in South Africa's drylands* Cherryl Walker,M Timm Hoffman,2024-05-15 This inter disciplinary collection explores significant land use changes in South Africa s semi arid Karoo region and their implications for social justice and the environment across different scales It brings together recent scholarship by established and younger researchers in both the social and the natural sciences to examine the ways in which the Karoo is being reconfigured as a new resource frontier and the tensions and contestations that result Along with ongoing

mining major investments in astronomy notably the Square Kilometre Array radio telescope in renewable and non renewable sources of energy solar wind potential shale gas mining in biodiversity conservation and commercial game farming are reshaping land use and authority in this vast and long marginalised area While promising significant benefits to society at large these developments are built on older histories of dispossession and extractivism histories that many Karoo residents fear are being reproduced in new forms today Collectively these dynamics place this unique region at the centre of national and global concerns around climate change the politics of knowledge production the conservation of threatened biodiversity and the meaning and possibility of sustainable development These issues are explored through a series of case studies of selected developments complemented by chapters providing more historical context and general overviews While challenging perceptions of this region as a peripheral wasteland this collection raises conceptual and policy questions that resonate far beyond the Karoo itself It also highlights the importance of interdisciplinary collaboration in research aimed not only at understanding but also at responding appropriately to the mounting challenges of our time

*Crash to Paywall* Brian Gorman, 2015-10-01 In 2014 when Postmedia acquired Quebecor's Sun Media newspaper and online assets there was a sense that the recent history of newspapers was repeating itself not as comedy or tragedy but as eulogy *Crash to Paywall* shows that while the newspaper business was weakened by decreases in advertising revenues and circulation much of its problems stem from self inflicted damage and business practices dating back to the 1970s Brian Gorman explores the Canadian newspaper industry crisis and the relationship between the news media and the public He challenges both the popular mantra that a perfect storm of unforeseen circumstances blindsided a declining industry and the narrative that readers were abandoning newspapers causing advertisers to turn away from dying media Gorman argues that observers had been warning for decades that the business was creating its own problems by acquiring ever larger debt and shareholder obligations while steadily cutting back on journalists resources Finally by providing journalism for free online newspaper companies devalued their most important resource and impaired their profitable print products With dozens of interviews conducted with leading Canadian journalists and editors *Crash to Paywall* brings to light the many misconceptions generalizations omissions and highly suspect conclusions about the present state of newspapers and their future

Tex McCrary Charles J. Kelly, 2009-05-16 At last someone has discovered one of the most fascinating lives of the 20th century As a crusading journalist John Reagan Tex McCrary led the way from newspapering into radio and television As a handsome adventurer this well connected Yalie romanced some of the world's most talented and richest women winding up a globe girdling love affair by marrying Jinx Falkenburg then America's top model and later his partner on the air As a brave Army Air Corps colonel in World War II he took the first group of reporters into devastated Hiroshima and was instrumental in the creation of an independent U S Air Force As a political activist he was a powerful influence in pulling General Eisenhower back from Paris to wrench the Republican presidential nomination from the hard right even though his advocacy cost him his network job As

a pioneer publicist Tex brought a social conscience to the builder of Levittown and sent a kid he was mentoring me to Moscow to set up the historic kitchen debate between Nikita Khrushchev and Richard Nixon I could never get him to write his memoirs before he died the active octogenarian stubbornly said I won't live my life with eyes on the rear view mirror But Chuck Kelly his longtime friend interviewed him skillfully and often and now we have an adventurer's eye view of McCrary's little known role in tempestuous times William Safire      The British Television Pilot Episodes Research Guide 1936-2015 Christopher Perry, 2015-12 A new idea can become an expensive flop for TV executives So from the earliest days of television the concept of a pilot episode seemed like a good idea Trying out new actors new situations and new concepts before making a series was good economical sense It was also tax deductible Sometimes these pilots were shown on television sometimes they were so awful they were hidden from sight in archives and sometimes they were excellent one offs but a series seemed elusive and never materialised Chris Perry has always been fascinated by the pilot episode So many pilots are made annually but never seen by audiences Only a handful appear on screen It's a hidden world of comedy variety drama and factual programming This volume attempts to lift the lid on the world of the TV pilot by revealing the many transmitted and untransmitted episodes made through the decades      The Legendary Ballads of England and Scotland John S.
