Shaw,2007-09-19 Hollywood's Cold War **Great American Hypocrites** Glenn Greenwald,2008-04-15 A takedown of the GOP's deceitful propaganda machine from the blogger of Salon's Unclaimed Territory and the author of the New York Times bestsellers How Would a Patriot Act and A Tragic Legacy Ever since the cowboy image of Ronald Reagan was sold to Americans the Republican Party has used the same John Wayne imagery to support its candidates and take elections We all know how they govern but the right wing propaganda machine is very adept at hijacking debate and marketing their candidates as effectively as the Marlboro Man For example Myth The Republican nominee is an upstanding regular guy who shares the values of the common man Reality He divorced his first wife in order to marry a young multimillionaire heiress whose family then funded his political career Myth Republicans are strong on defense and will keep us safe Reality They prey on fears and their endless wars make America far less secure Myth Republicans are the party of fiscal restraint and small limited government Reality Soaring deficits unchecked presidential power and an increasingly invasive surveillance state are par for the course The first book to dissect the Republican Cult of Personality and leave it openly exposed in its unabashed shameful depravity Great American Hypocrites is a deeply necessary call out to Democrats to attack the GOP with their competitor's very own weapons Praise for Great American Hypocrites Intelligent insightful Daily Kos Glenn Greenwald has done it again Alan Colmes Glenn Greenwald is a treasure BuzzFlash **The Conscience of a Libertarian** Wayne Allyn Root,2009-07-06 Libertarian conservative solutions to the political social economic and tax issues facing the United States

from a 2012 Third Party Presidential contender as well as one of America's leading Tea Party political leaders. In today's uncertain economy, people are growing more and more concerned about their financial future and looking for common sense, limited government solutions. In *The Conscience of a Libertarian: Empowering the Citizen Revolution with God, Guns, Gold*, dramatically reduced spending and taxes, States Rights, free markets, adherence to the Constitution, an end to the Fed, a ban on bailouts, stimulus earmarks, pork, and corporate welfare, economic and personal freedom, and a return of power to the people, just as the Founding Fathers intended. The book explains why Obama's big government solutions are leading to a Great Depression II and a coming Citizen Revolution. It proposes a one-year Income Tax Vacation, a permanent end to capital gains taxes, and detailed spending freezes and cuts across all levels of government. It proposes dramatic education reform centered on school choice, home schooling, charter schools, teacher accountability, and parental freedom. It proposes unique reforms in the areas of health care, energy, and the public sector, government employee unions. *The Conscience of a Libertarian* reveals how Americans can take back their country from big government, big unions, big corporations, corrupt politicians, bureaucrats, lawyers, and lobbyists.

*The Case Against the Establishment* Nick Adams, Dave Erickson, Pete Hegseth, 2017-10-17. In the era of Donald J. Trump, 45th president of the United States, a modern-day civil war rages. Led by elitists from Hollywood to New York, the Establishment has launched an unprecedented onslaught of hate and hypocrisy, single-minded of purpose to destroy President Trump's efforts to make America great again. We see it every day. From riots and faux outrage to attacks on conservative voices to condescending Hollywood awards show speeches to sports broadcasts pushing Establishment propaganda to college campuses where free speech is violently shut down by anti-freedom activists, professors indoctrinate instead of educate, and safe spaces coddle the entitled. The peddling of fake news, with searing wit, *The Case Against the Establishment* reveals the hypocrisy of the Establishment and how it has infiltrated every facet of life: pop culture, schools, the news media, social media, even public bathrooms, as it seeks to mold America into a bastion of socialism, annihilate the Trump agenda, and crush everything that makes America great.

**Liberty Rises** Chris Salcedo, 2014-06-04. What happens to America if we continue down the road we are on? *Liberty Rises* explores that horrifying possibility. Jack Vega has given everything to the United States. He's served in its military with honor, started a successful business, and provided the U.S. with a strategic military advantage that guarantees American dominance. But there's a problem. In this future, America is no longer governed by men and women of good conscience. Instead, the government has become a mindless police state. The notions of individual liberty and freedom are now foreign. And the government uses its enormous power to squash the human spirit, impose collectivist thought, and diminish economic and civil freedoms. Ever the optimist, Vega and his family and friends look to the ancient past to rekindle the fire that built the greatest nation in human history. In so doing, they discover a way to keep the light of freedom alive for the entire world. Realizing that dream will be no easy task, Jack must fight the elements of time and the government he once swore to protect. The reviews are in. I cannot stress enough how much I enjoyed this book. I

read roughly 50 to 60 books a year mostly non fiction but sometimes I need a break and mix in some fiction This was by far one of the best fiction books I ve read in my life Sort of an Ayn Rand Atlas Shrugged theme mixed with modern day scenarios mixed with science fiction That combination makes for a truly fun and entertaining read Robert Stifler This book should be required reading for every out of touch liberal It is fiction and we should all hope that the opening chapters remain so This book would make a really good movie Dorothy Cronin Mr Salcedo did a fine job keeping me entertained in a fun story that for a time allowed me to escape the oppression that progressive government is working so diligently to implement I would encourage the author to consider a sequel Lone Star Girl

*African American Women in the News* Marian Meyers, 2013-07-24 African American Women in the News offers the first in depth examination of the varied representations of Black women in American journalism from analyses of coverage of domestic abuse and crack mothers to exploration of new media coverage of Michelle Obama on Youtube Marian Meyers interrogates the complex and often contradictory images of African American women in news media through detailed studies of national and local news the mainstream and Black press and traditional news outlets as well as newer digital platforms She argues that previous studies of African Americans and the news have largely ignored the representations of women as distinct from men and the ways in which socioeconomic class can be a determining factor in how Black women are portrayed in the news Meyers also proposes that a pattern of paternalistic racism as distinct from the modern racism found in previous studies of news coverage of African Americans is more likely to characterize the media s treatment of African American women Drawing on critical cultural studies and black feminist theory concerning representation and the intersectionality of gender race and class Meyers goes beyond the cultural myths and stereotypes of African American

women to provide an updated portrayal of Black women today African American Women in the News is ideal for courses on African American studies American studies journalism studies media studies sociology studies women s studies and for professional journalists and students of journalism who seek to improve the diversity and sensitivity of their journalistic practice

**Radicals, Resistance, and Revenge** Judge Jeanine Pirro, 2019-08-27 Picking up where her 1 New York Times bestseller *Liars, Leakers, and Liberals* left off Judge Jeanine Pirro exposes the latest chapter in the unfolding liberal attack on our most basic values. Donald Trump's presidency has been under siege by the Left and their Deep State fellow travelers who concocted an outrageous case of conspiracy with Russia to keep him from doing what he was elected to do: secure America's borders, revive its economy, drain the Washington DC swamp, and restore our constitutional republic. Overturning presidential elections, nationalizing private industries like healthcare and education, destroying America's borders, erasing its national identity, and effectively silencing conservative voices in the cybersphere and public square are a few examples of the lengths to which the far left progressives and socialists will go to destroy the America we love. *Radicals, Resistance, and Revenge* features Judge Jeanine's keen analysis of explosive information about the anti-Trump conspirators, their corrupt methods, and possible crimes, and the Left's subversive plot against the foundation of American liberty. Judge Jeanine is sounding the alarm and calling out those who despise our most cherished ideals and institutions to warn patriotic Americans before it's too late.

**A Conservative's Point of View** Bryan H. Lamb, 2022-02-03 Do you ever wonder why things never seem to change in Washington DC, no matter which political party is in power? Is it because both political parties are working together to achieve their goals instead of working to restore America to the great country she was not so long ago? In this book, the author examines some topics from a proud Conservative side. If you love America and want to read a book that points out some of the hypocrisies we are told on a regular basis, this book is for you. It is a patriotic reminder of who we are as a people. The Liberal Progressives in both political parties, along with the Liberal media, are trying to change our core beliefs on a daily basis. Our politicians are not really worried about the financial cliff they have brought us to today. In this book, I try to point out little-known reported facts and also offer my Conservative opinions on several different subjects. I try to get people to realize how close we are to being ruled instead of governed. It is incumbent on We the People to do our Constitutional duty and stay aware of what those fools on the Hill are doing to us, so to speak. I point out things about both Republicans and Democrats, so I am an equal opportunity offender. Neither political party cares about us, and until more fellow citizens wake up, we will keep having the kind of government indifference and apathy elections.

**A Conservative Walks Into a Bar** A. Dagnes, 2012-09-06 Conservative critics argue that modern political satire in the age of *The Daily Show* has a liberal bias. A quick review of the humor landscape shows that there are very few conservative political satirists, and using personal interviews with political humorists, this book explains why. The book explores the history of satire, the comedy profession, and the nature of satire itself to examine why there is an ideological imbalance in political humor and the consequences of this disparity. This book will appeal to *Daily Show* and *Colbert* fans, political junkies, and anyone interested in the intersection of politics and media.
