Conceptualizing and Innovating Education and Work with Networked Learning Nina Bonderup Dohn, Jens Jørgen Hansen, Stig Børsen Hansen, Thomas Ryberg, Maarten de Laat, 2021-12-14 The chapters in this book build upon selected research papers from the 12th International Networked Learning Conference 2020 hosted by University of Southern Denmark Kolding The selected chapters were chosen as cutting edge research on networked learning which reflected focal discussion points during the conference such as new demands on teachers in online and hybrid learning environments organization of professional learning to meet and reflect on these demands support of educators and students digital literacy the interaction of human and technological agents in networked learning and the development of new of networked learning designs to critically and creatively make use of technological possibilities The book is organized into three main sections 1 Professional learning 2 Learning networks development and use of digital resources and 3 Innovating Networked Learning Preceding the three main sections is a first chapter which presents a discourse analysis of how the term networked learning has been used in the papers at previous Networked Learning Conferences The concluding chapter draws out perspectives from the chapters and point to emerging issues within the field of networked learning

Curriculum Histories in Place, in Person, in Practice Petra Hendry, Molly Quinn, Roland Mitchell, Jacqueline Bach, 2023-03-10 This book situates the Curriculum Theory Project at Louisiana State University within a larger historical framework of curriculum work examining the practices which have sustained this type of curricular vitality over the lifetime of the field s existence Divided into seven parts the authors illuminate seven practices which have sustained the scholarship graduate programs mentorship and networking that have been critical to maintaining a web of international relationships This exploration and coming together of intergenerational stories reveals a more complete and nuanced narrative of the development of curriculum theory

over the last 60 years Crucially the project exemplifies the continuing resilience of curriculum theory despite ongoing neo liberal aspirations to reframe education as a business Reflecting upon the lived experiences and articulated memories of those who have participated in the project and analysis of documents collected over its 25 year history it considers curriculum history ies writ large through and from this lens of practice As such it opens up fresh insights for cultivating the vitality and vigor of curriculum theory more broadly on an international scale and with a view to future directions for the field It will appeal to both new and experienced scholars working across education foundations urban education philosophy of education and higher education and researchers from across history sociology anthropology ethnic studies and gender studies

Safe Science National Research Council, Division of Behavioral and Social Sciences and Education, Board on Human-Systems Integration, Division on Earth and Life Studies, Board on Chemical Sciences and Technology, Committee on Establishing and Promoting a Culture of Safety in Academic Laboratory Research, 2014-10-08 Recent serious and sometimes fatal accidents in chemical research laboratories at United States universities have driven government agencies professional societies industries and universities themselves to examine the culture of safety in research laboratories These incidents have triggered a broader discussion of how serious incidents can be prevented in the future and how best to train researchers and emergency personnel to respond appropriately when incidents do occur As the priority placed on safety increases many institutions have expressed a desire to go beyond simple compliance with regulations to work toward fostering a strong positive safety culture affirming a constant commitment to safety throughout their institutions while integrating safety as an essential element in the daily work of laboratory researchers Safe Science takes on this challenge This report examines the culture of safety in research institutions and makes recommendations for university leadership laboratory researchers and

environmental health and safety professionals to support safety as a core value of their institutions The report discusses ways to fulfill that commitment through prioritizing funding for safety equipment and training as well as making safety an ongoing operational priority A strong positive safety culture arises not because of a set of rules but because of a constant commitment to safety throughout an organization Such a culture supports the free exchange of safety information emphasizes learning and improvement and assigns greater importance to solving problems than to placing blame High importance is assigned to safety at all times not just when it is convenient or does not threaten personal or institutional productivity goals Safe Science will be a guide to make the changes needed at all levels to protect students researchers and staff **Color** Jerod

Johnson,2017-11-13 What role

does love of cinema of cinema studies of teaching and learning play in teaching film For the Love of Cinema brings together a wide range of film scholars to explore the relationship between cinephilia and pedagogy All of them ask whether cine love can inform the serious study of cinema Chapter by chapter writers approach this question from various perspectives some draw on aspects of students love of cinema as a starting point for rethinking familiar films or generating new kinds of analyses about the medium itself others reflect on how their own cinephilia informs the way they teach cinema and still others offer new ways of writing both verbally and audiovisually with a love of cinema in the age of new media Together they form a collection that is as much a guide for teaching cinephilia as it is an energetic dialogue about the ways that cinephilia and pedagogy enliven and rejuvenate one another *Rough Country* Robert Wuthnow,2016-04-05 How the history of Texas

illuminates America's post Civil War past Tracing the intersection of religion race and power in Texas from Reconstruction through the rise of the Religious Right and the failed presidential bid of Governor Rick Perry *Rough Country* illuminates American history since the Civil War in new ways demonstrating that Texas's story is also America's In particular Robert Wuthnow shows how distinctions between us and them are perpetuated and why they are so often shaped by religion and politics Early settlers called Texas a rough country Surviving there necessitated defining evil fighting it and building institutions in the hope of advancing civilization Religion played a decisive role Today more evangelical Protestants live in Texas than in any other state They have influenced every presidential election for fifty years mobilized powerful efforts against abortion and same sex marriage and been a driving force in the Tea Party movement And religion has always been complicated by race and ethnicity Drawing from memoirs newspapers oral history voting records and surveys *Rough Country*

tells the stories of ordinary men and women who struggled with the conditions they faced conformed to the customs they knew and on occasion emerged as powerful national leaders We see the lasting imprint of slavery public executions Jim Crow segregation and resentment against the federal government We also observe courageous efforts to care for the sick combat lynching provide for the poor welcome new immigrants and uphold liberty of conscience A monumental and magisterial history Rough Country is as much about the rest of America as it is about Texas
