 , **Comment la «preuve de l'évolution» soutient la création** Harold Lerch,2025-04-08 Ce livre est le fruit d'une curieuse recherche Google Existe-t-il une preuve irréfutable de l'évolution La réponse de l'intelligence artificielle a-t-elle un oui retentissant Mais en lisant les détails j'ai réalisé que les mêmes arguments offrent une preuve irréfutable de la création Création et évolution sont deux concepts aussi opposés que possible La Bible nous dit qu'un Dieu tout puissant et omniscient a créé toute chose en six jours il y a environ six mille ans La théorie de l'évolution suppose que l'Univers a des milliards d'années et que la vie s'est développée sur des centaines de millions d'années Dans ce livre nous examinerons les deux aspects de la question de la manière la plus juste possible La conclusion vous appartient mais un seul choix est correct *Le Big Bang* ,2009
