Where's the Math? Stephanie Lessman, 2004 **California Dreaming** Suzanne M. Wilson, 2008-10-01 This compelling book tells the history of the past two decades of efforts to reform mathematics education in California That history is a contentious one full of such fervor and heat that participants and observers often refer to the math wars Suzanne M Wilson considers the many perspectives of those involved in math reform weaving a tapestry of facts philosophies conversations events and personalities into a vivid narrative While her focus is on California the implications of her book extend to struggles over education policy and practice throughout the United States Wilson s three dimensional account of math education reform efforts reveals how the debates tend to be deeply ideological and how people come to feel misunderstood and misrepresented She examines the myths used to explain the failure of reforms the actual reasons for failure and the importance of taking multiple perspectives into account when planning and implementing reform **A Comparison of the College Preparatory Mathematics Algebra I Program with a Traditional Algebra I Program** Joseph Patrick Cleaver, 2001
