**Popular Photography**, 2008-05 *The Flash Photography Field Guide* Adam Duckworth, 2014-03-26 Shooting with any kind of flash, whether it's a simple light on your camera, a remotely triggered unit, or a complete studio setup, completely changes the photographic experience. No longer do you simply need to be aware of light; now you need to know how to shape it to your own ends. *The Flash Photography Field Guide*, small enough to be taken on the most arduous shoot, will show you exactly how to do this, whether you're shooting models in a studio, live sports events, or something as personal and special as your friend's wedding. This book covers the details of setting up and using modern TTL flash systems and the creative and technical choices you'll come across from syncing the flash with the camera to modifying the quality of the light.

**Digital SLR Video and Filmmaking For Dummies** John Carucci, 2013-01-23 Step by step guide for using your digital SLR to make quality video. With digital SLR cameras becoming more and more popular as replacements for standalone video cameras, this book helps photographers become better videographers and shows videographers how to incorporate DSLRs into their work. The book includes an overview of the DSLR video tools and process and shows how to establish camera settings for effective capture: light a scene, get sound, and achieve the film look. The book also offers the basics on editing footage into a final product using common video editing tools. Offers everything needed to shoot, produce, and edit a professional looking video using DSLR video equipment. Written for both professional photographers and videographers and those just starting out. Includes the steps for applying information to a film project including developing a screenplay, approaching shooting like a cinematographer, and directing. Contains a walkthrough of common video projects including making a music video, a wedding video, and video greeting card.

**Digital SLR Video and Filmmaking for Dummies** is designed to help photographers ramp up their video skills. Videographers add DSLRs to their toolkits and amateurs begin shooting their own short films and videos.

**Fotografia Digital De Paisagens** John and Barbara Gerlach, 2013-02-11 Photographing landscape with a film camera is different than with a digital camera. There are several books on the market that cover landscape photography, but few of them are specifically for the digital photographer. This book is what you are looking for. *Digital Landscape Photography* covers equipment such as accessories and lenses, exposure, from shutter speed and other common mistakes, shooting light and its importance, composing your perfect photo, printing, and a special section on specific subjects such as waterfalls and sunrises. *Digital Landscape Photography* written by experts that have been shooting outdoors for decades is a fresh look at current ways to shoot landscapes by making the most of digital format.
