pressing challenges educators face in effectively incorporating the Science of Reading into their instruction once students already know how to decode. By offering actionable guidance grounded in seven evidence-based principles, this book helps teachers elevate their instructional practices and better prepare students to be lifelong readers and thinkers. Grounded in proven classroom instruction, the book focuses on techniques that can allow teachers to use the science as effectively and actionably as possible. *The Teach Like a Champion Guide to the Science of Reading* is enhanced with more than 50 video clips from the classroom and covers ways to practically apply the Science of Reading. The book describes the often overlooked role of fluency in reading comprehension even into the high school years, the profound importance of managing and socializing attention in an age of technology, the central role of background knowledge in understanding text, and the doubly important role of teaching vocabulary as a form of knowledge. It adds a discussion of how writing can make students better readers and how important it is that reading classes focus on reading actual books, great ones ideally. And it closes with a discussion of close reading and the challenge of preparing students to rise to the challenge of complex text. Inside the book: An innovative approach to building and reinforcing background knowledge in reading. Over 50 video demonstrations of effective teaching techniques. Sample lesson plans and materials for immediate classroom application. *The Teach Like a Champion Guide to the Science of Reading* is essential for educators, literacy coaches, and administrators who aim to foster rigorous literacy instruction in their classrooms and schools. This guide shows you how to implement techniques that ensure students find joy in reading and become better, wiser, more engaged, and more motivated readers both in their classrooms and in their lives beyond.

The School Counselor's Guide to Multi-Tiered Systems of Support Emily Goodman-Scott, Jennifer Betters-Bubon, Peg Donohue, Jacob Olsen, 2023-06-20. The revision of this innovative book provides school counseling students, practitioners, leaders, supervisors, and faculty with information and resources regarding the alignment and implementation of school counseling, specifically comprehensive school counseling programs. Complementing and expanding upon the audience's knowledge and implementation of CSCPs such as the ASCA 2019 National Model, chapters include a strong theoretical and research base as well as related practical examples from the field, including case studies of practicing school counselors and relevant hands-on resources and tools to assist school counselors facilitate MTSS. New topics such as culturally sustaining and antiracist practice are woven into the chapters in addition to covering the response to the COVID-19 pandemic, mental health crises, and capturing timely and current practices in K-12 education and school counseling. Innovative, unique, and including a plethora of useful tools and resources, this guide to MTSS and school counseling is ideal for graduate students and current school counselors in the field.
