more surprises in store and not all of them are welcome Ingmar Bergman Geoffrey Macnab,2009-06-17 Ingmar Bergman was the last and arguably the greatest of the old style European auteurs and his influence across all areas of contemporary cinema has continued to be considerable since his death in July 2007 Drawing on interviews with collaborators and original research this book puts Bergman s career into the context of his life and offers a new and revealing portrait of this great filmmaker Geoffrey Macnab explores the often painfully autobiographical nature of his work while also looking in detail at Bergman as a craftsman He considers Bergman s working relationship with his actors especially the actresses he helped make into international stars his passion for theatre literature and classical music and his obsession with death and cruelty The book traces his traumatic childhood asking how his experiences growing up as the son of a strict Lutheran pastor fed into his later writing and filmmaking It also looks at his political life chronicling his teenage flirtation with Nazism his bitter spat in the mid 70s with the Swedish authorities over his tax affairs and his often vexed relationship with his fellow Swedes Geoffrey Macnab also considers how Bergman s work was financed and distributed his relationship with US agents and how close he came to working in Hollywood When I was 10 years old I received my first rattling film projector with its chimney and lamp which went round and round and round I found it both mystifying and fascinating Ingmar Bergman *Citizen Spielberg* Lester D. Friedman,2010-10-01 Steven Spielberg is the director or producer of over one third of the thirty highest grossing films of all time yet most film scholars dismiss him as little more than a modern P T Barnum a technically gifted and intellectually shallow showman who substitutes spectacle for substance To date no book has attempted to analyze the components of his worldview the issues which animate his most significant works the roots of his immense acceptance and the influence his vast spectrum of imaginative products exerts on the public consciousness In *Citizen Spielberg* Lester D Friedman fills that void with a systematic analysis of the various genres in which the director has worked including science fiction E T adventure Raiders trilogy race films *The Color Purple* *Amistad* and war films *Saving Private Ryan* Schindler s List Friedman concludes that Spielberg s films present a sustained artistic vision combined with a technical flair matched by few other filmmakers and makes a compelling case for Spielberg to be considered as a major film artist *Italian Gothic Horror Films, 1980-1989* Roberto Curti,2019-03-07 The Italian Gothic horror genre underwent many changes in the 1980s with masters such as Mario Bava and Riccardo Freda dying or retiring and young filmmakers such as Lamberto Bava *Macabro* *Demons* and Michele Soavi The Church surfacing Horror films proved commercially successful in the first half of the decade thanks to Dario Argento both as director and producer and Lucio Fulci but the rise of made for TV products has resulted in the gradual disappearance of genre products from the big screen This book examines all the Italian Gothic films of the 1980s It includes previously unpublished trivia and production data taken from official archive papers original scripts and interviews with filmmakers actors and scriptwriters The entries include a complete cast and crew list plot summary production history and analysis Two appendices list direct to video releases and made for TV films
