Sorlien, 2002 In 1988 photographer Sandy Sorlien set out on a series of journeys to document the rich architectural heritage that America is losing to the cheap and banal design aesthetic of tract housing strip malls and big box stores Her seven year odyssey took her over 90 000 miles of back roads to every state in the Union in search of homes that reflect and define the region in which they stand After making over a thousand house portraits Sorlien has chosen one representative image from each state and collected them in this volume **The Echo Effect** Winner Torborg, 2009-04-23 When a man speaks words

against or in favor of another man whether he knows it or not he is speaking those very same words against or in favor of himself The Bible tells us to do unto others the things that we would want done unto us or in our behalf Well that is the very same principle that God set down with words What we say to others should be what we would want said to us And whether we want them to or not they will come to pass in our lives There is a law of nature that says that when you plant a seed you will in time reap a harvest Just so when you speak a word since your word is a seed you will reap a harvest Given the right amount of time you will reap what you sow Jesus said that if you had faith and you wanted that faith to grow plant it and it will grow Jesus gave you seeds for whatever you need they are called words But you decide are your words going to be good or bad Either way they will grow and you will reap what you sow Research Methods and Society Linda Eberst
