The Computer User's Survival Guide Joan Stigliani, 1995-10-01 You probably suspect on some level that computers might be hazardous to your health You might vaguely remember a study that you read years ago about miscarriages being more frequent for data entry operators Or you might have run into a co worker wearing splints and talking ominously about Workers Comp insurance Or you might notice that when you use a computer too long you get stiff and your eyes get dry But who wants to worry about such things Surely the people wearing splints must be malingerers who don't want to work Surely the people who design keyboards and terminals must be working to change their products if they are unsafe Surely so long as you're a good worker and keep your mind on your job nothing bad will happen to you The bad news is You can be hurt by working at a computer The good news is that many of the same factors that pose a risk to you are within your own control You can take action on your own to promote your own health whether or not your terminal manufacturer keyboard designer medical provider safety trainer and boss are working diligently to protect you The Computer User's Survival Guide looks squarely at all the factors that affect your health on the job including positioning equipment work habits lighting stress radiation and general health Through this guide you will learn a continuum of neutral postures that you can utilize at different work tasks how radiation drops off with distance and what electrical equipment is responsible for most exposure how modern office lighting is better suited to working on paper than on a screen and what you can do to prevent glare simple breathing techniques and stretches to keep your body well oxygenated and relaxed even when you sit all day how reading from a screen puts unique strains on your eyes and what kind of vision breaks will keep you most productive and rested what's going on under the skin when your hands and arms spend much of the day mousing and typing and how you can apply that knowledge to prevent overuse injuries The Computer User's Survival Guide is not a book of gloom and doom It is a guide to protecting yourself against health risks from your

computer while boosting your effectiveness and your enjoyment of work

The Wall Street Journal Guide to Business Style and Us Paul Martin, 2010-06-15 Here at last is the indispensable resource that has helped the writers and editors of The Wall Street Journal earn a reputation for the most authoritative business writing anywhere Originally written exclusively for the paper's staff The Wall Street Journal Guide to Business Style and Usage is a landmark work Many years in preparation it has now been expanded and revised for anyone who wants to write well but especially for those in the business community The only book of its kind it offers A Z guidance on style and usage bearing in mind the special needs of business professionals and including the latest business terminology If ABC is no longer the American Broadcasting Company what is it What is the difference between adjusted gross receipts and adjusted gross income How about the differences among adopt approve enact and pass When should you say affect and when effect When did Generation X end and Generation Y begin And what the heck is the new name of Andersen Consulting Our language is ever changing ever mutating and the choice of the right word bolsters your credibility with readers As the go to resource for these questions and others The Wall Street Journal Guide to Business Style and Usage gives readers a competitive edge for succeeding in the world of business It is an invaluable resource for any member of the business community who has ever had to write a memo report proposal press release or e mail Destined to be the standard resource for years to come The Wall Street Journal Guide to Business Style and Usage provides readers with access to the Journal Web site www.wsjbooks.com which will feature updates as new business terms enter the language or as old definitions or usages give way to new This guide is the definitive reference work to keep close to your desk the last word for everyone who works with words
