Indonesia Major Muslim Nations:

Indonesia Rising Anthony Reid, 2012 There are reasons for thinking that this is at last Indonesia's moment on the world stage Having successfully negotiated its difficult transition to democracy after 1998 Indonesia has held three popular elections with a low level of violence by the standards of southern Asia Recently its economic growth rate has been high above 6 per cent a year and rising where China's has been dropping and the developed world has been in crisis Indonesia's admission in 2009 to the G20 club of the world's most influential states seemed to confirm a status implied by its size as the world's fourth largest country by population and the largest with a Muslim majority Some international pundits have been declaring that Indonesia is the new star to watch and that its long awaited moment in the sun may at last have arrived

Islam in Indonesia Jajat Burhanudin, Kees van Dijk, 2013-01-31 While Muslims in Indonesia have begun to turn towards a strict adherence to Islam the reality of the socio religious environment is much more complicated than a simple shift towards fundamentalism In this volume contributors explore the multifaceted role of Islam in Indonesia from a variety of different perspectives drawing on carefully compiled case studies Topics covered include religious education the increasing number of Muslim feminists in Indonesia the role of Indonesia in the greater Muslim world social activism and the middle class and the interaction between Muslim radio and religious identity

Islam and Citizenship in Indonesia Robert W. Hefner, 2023-12-19 *Islam and Citizenship in Indonesia* examines the conditions facilitating democracy women's rights and inclusive citizenship in Indonesia the most populous Muslim majority country and the third largest democracy in the world The book shows that Muslim understandings of Islamic traditions and ethics have coevolved with the understanding and practice of democracy and citizen belonging Following thirty two years of authoritarian rule in 1998 this sprawling Southeast Asian country returned to electoral democracy The achievement brought with it however an upsurge in both the numbers and assertiveness of Islamist militias as well as a sharp increase in violence against religious minorities The resulting mobilizations have pitted the Muslim supporters of an Indonesian variety of inclusive citizenship against populist proponents of Islamist majoritarianism Seen from this historical example the book demonstrates that Muslim actors come to know and practice Islam in a manner not determined in an unchanging way by scriptural commands but in coevolution with broader currents in politics society and citizen belonging By exploring these questions in both an Indonesian and comparative context this book offers important lessons on the challenge of democracy and inclusive citizenship in the Muslim majority world Well written and informative this book will be suitable for adoption in university courses on Islam Southeast Asian Politics Indonesian and Asian studies as well as courses dealing with religion democracy and citizen belonging in multicultural societies around the world The book will be of interest to the general reader with an interest in Islam citizenship and democracy

Indonesia's Regional and Global Engagement Moch Faisal Karim, 2023-06-16 Karim examines the changes and continuity of Indonesia's foreign policy in the post authoritarian era under presidents Susilo Bambang Yudhoyono and Joko

Widodo Indonesia conceptualised and aimed to adopt four principle roles after 2004 being a voice for developing countries being a regional leader being an advocate for democratic and human rights and being a bridge builder These roles however were by no means stable and were constantly being negotiated and contested Karim analyses the contested nature of Indonesian foreign policy and the limits this places on consistency in enacting these roles He highlights two drivers for such limitations conflicting role conceptions and state fragmentation He develops this argument based on four case studies of Indonesia s engagement in human rights governance and trade governance at both regional and global levels Essential reading for students and scholars of Indonesia s foreign policy that will also be of substantial value to those studying policy in Southeast Asia more broadly
