, 2011-07 *Current Industrial Reports* , 1983 *A Violent History of Benevolence* Chris Chapman, A.J. Withers, 2019-03-14 *A Violent History of Benevolence* traces how normative histories of liberalism progress and social work enact and obscure systemic violences Chris Chapman and A.J. Withers explore how normative social work history is structured in such a way that contemporary social workers can know many details about social work's violences without ever imagining that they may also be complicit in these violences Framings of social work history actively create present day political and ethical irresponsibility even among those who imagine themselves to be anti-oppressive liberal or radical The authors document many histories usually left out of social work discourse including communities of Black social workers who among other things never removed children from their homes involuntarily the role of early social workers in advancing eugenics and mass confinement and the resonant emergence of colonial education psychiatry and the penitentiary in the same decade Ultimately *A Violent History of Benevolence* aims to invite contemporary social workers and others to reflect on the complex nature of contemporary social work and specifically on the present day structural violences that social work enacts in the name of benevolence *The New Industrial Revolution* Peter Marsh, 2012-07-17 Explores more than 250 years of
