Tool Makers The Author offers the following book as a continuation in a more generally accessible form of the Series of Memoirs of Industrial Men introduced in his Lives of the Engineers While preparing that work he frequently came across the tracks of celebrated inventors mechanics and iron workers the founders in a great measure of the modern industry of Britain whose labours seemed to him well worthy of being traced out and placed on record and the more so as their lives presented many points of curious and original interest Having been encouraged to prosecute the subject by offers of assistance from some of the most eminent living mechanical engineers he is now enabled to present the following further series of memoirs to the public Without exaggerating the importance of this class of biography it may at least be averred that it has not yet received its due share of attention While commemorating the labours and honouring the names of those who have striven to elevate man above the material and mechanical About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work
