offrir enfin l'occasion d'une existence réellement satisfaisante et donnant sens à son expérience humaine dans tous ses aspects. Car chacun d'entre nous est un mystique qui s'ignore une manifestation potentielle de la conscience capable de surconscience. Cet ouvrage s'attache à explorer le chemin de cette plongée dans l'intériorité en conformité avec les données du champ culturel qui est le véritable délest du carcan religieux qui l'a souvent interdit, percuté et tourné voire occulté par la diabolisation et le sectarisme de son dogme. Spiritualités et expériences de différents états de conscience redéfinissent la fonction du féminin et de la place de la femme, le sens de la sexualité et l'incompatibilité de la notion patriarcale de pouvoir avec la renaissance du féminin travers ce troisième tome de "La Libération de l'homme". L'auteur met un point final à notre révolution intérieure fascinante et troublante, une réflexion qui nous invite enfin à nous redécouvrir.

Philosophie de la Liberté: Le Prix de la Conscience et de l'Affranchissement Boreas M.L. Saage, Dans cet ouvrage approfondi sur la liberté, l'auteur explore les multiples facettes de ce concept fondamental qui façonne notre existence individuelle et collective. Le livre examine d'abord les fondements philosophiques de la liberté en mettant l'accent sur la dignité, la liberté et la galanterie comme piliers essentiels de notre société. Il analyse comment ces valeurs s'articulent et se complètent dans un monde complexe. La question du prix de la liberté est abordée sous différents angles tant personnels que sociaux. L'auteur explore comment le désir de liberté influence nos choix et nos actions tout en examinant les responsabilités qui en découlent. Une attention particulière est portée aux processus de libération intérieure, explorant les mécanismes psychologiques qui nous permettent de développer une véritable autonomie. L'ouvrage propose des réflexions sur la manière de surmonter nos peurs et nos conditionnements pour accéder à une liberté authentique. La dimension sociale de la liberté pour tous est largement développée, examinant les enjeux de justice sociale et de galanterie des chances. L'auteur analyse les structures de pouvoir et les moyens de préserver la liberté face aux menaces autoritaires. Les aspects spirituels et éducatifs sont également traités, offrant des perspectives sur le développement personnel et collectif. L'ouvrage examine comment cultiver la liberté tout en respectant les besoins de la communauté. Cette réflexion sur la liberté s'accompagne d'analyses détaillées de graphiques et de données qui illustrent les différentes dimensions abordées, permettant une compréhension approfondie des enjeux contemporains liés à la liberté.

Vivre et penser la liberté Jacques Ellul, 2019-01-09 Ces crits sur la liberté de Jacques Ellul pour moitié moins fournit un panorama de la vie et de la pensée d'un homme à la fois entier et aux multiples facettes. Le professeur de droit et l'historien, intellectuel et chrétien, livrent un message commun : la liberté en réclamant toutes les libertés se coupe de son origine Dieu, le libérateur de son cadre, le commandement de Dieu et de son but manifeste l'amour. Devenue mensonge, elle menace l'équilibre du monde naturel et celui du monde social. Plus que jamais, chacun doit choisir entre la puissance et la liberté, c'est dire entre le bien-être et l'ascèse, l'illusion et la lucidité, l'emancipation illimitée et la sagesse. Ou encore : quel dieu veut-on servir ? Celui de la Technique, de l'économie et de l'État, le Dieu Efficacité qui conduit l'homme au rang des objets qu'il consomme, ou celui d'Abraham, de Moïse et de Jésus Christ, le Dieu Amour qui appelle l'homme à vivre la vraie liberté en relation avec Lui et le prochain et la Crédit à l'auteur de ces deux
