Abstract

The significance of getting learners to read English First Additional Language (EFAL) cannot be ignored. This language is very significant as it is used for teaching and learning across the curriculum. Despite different studies that have been conducted, learners still experience barriers in reading English text. The purpose of this study was to explore the reading strategies employed by grade 12 learners in schools under Modjadji Circuit, Limpopo Province and to develop intervention reading strategies. The study addressed the issue of reading strategies for grade 12 learners employ in addressing barriers which impede them to read English texts in EFAL. A qualitative interpretative case study design was adopted for this study. Participants were purposively selected comprising of 12 grade 12 learners, 3 EFAL teachers from the selected secondary schools in Modjadji Circuit, Limpopo Province. Data were collected using interviews, observation, and documents analysis. Data were thematically analysed. The results showed that grade 12 learners and teachers employ various reading strategies during reading. But this is at a limited nature and this lack of an exposure to various reading strategies often leads to failure in comprehending complex texts in EFAL and other subjects. The knowledge and usage of various reading strategies will enhance learning in Grade 12, and therefore improve performance in other subjects. The study recommends that learners should be exposed to different comprehension strategies, which will enhance their learning and usage of different reading strategies. Teachers should also employ different reading strategies when teaching learners. The use of different reading strategies had a positive effect on the learners reading comprehension.

Key words: English First Additional Language, reading strategies, Reading comprehension and Modjadji.

Introduction

The ability to read texts in English First Additional Language (EFAL) is viewed as a cornerstone of learning. English First Additional Language is used in South Africa, both in schools and higher institutions for teaching and learning. Chaka (2015) outlined the importance of EFAL as he mentioned that "it serves as Lingua Franca for learners speaking different languages" The literature also showed that learners use English First Additional language across the curriculum for academic purpose (Modipane, 2018; Desi, 2021). Even though the significant of reading in EFAL is outlined, learners still struggle to read in the said language. Molotja and Themane (2018:1) ascertained as they declare that "the problem of not being able

Geography Teacher Education and Professionalization Eyüp Artvinli, Inga Gryl, Jongwon Lee, Jerry T. Mitchell, 2022-11-02

This book focuses on how current and prospective teachers worldwide are prepared for the significant task of teaching geography given the important role of teachers. It eschews a traditional career centric framework pre service in service teaching in favor of a topical approach toward issues that all teachers face. The book updates thinking on geography education subfields such as GI education and fieldwork and traces important contemporary discourses such as digitalization and sustainability. The book further explains the broad variety of institutionalization of geography teacher education in various political systems. In short this book collects strategies for geography teacher educators worldwide to provide insight into the challenges conditions and solutions present at the classroom and institutional level. As such this book is a must have for teacher educators and geography teachers worldwide.

Co Operative Learning : A Strategy for Effective

Classroom Teaching in Social Science Dr. U. K. Kulkarni, 2020-05-21 The present book entitled co operative learning a strategy for effective classroom teaching in social science. An empirical study has been specially designed to equip the teacher and teacher educators with as much knowledge on all aspects as per recommendations of NPE 1986 NCF 2005 and 2011. Education is one of the most important factors in achieving the developmental goals of a country. Social Science is one among those subjects which is an essential element of education. Social Science is a subject which broadens the horizon of an individual and develops various skills and provides opportunity for the professional growth of an individual. Social Science has become a greater value in the present day. Social Science has spread its net on all over the fields of life. Before the days of early printing when books were not easily available the knowledge was imparted by the teachers from their own store by lecturing and discussion. With the advancement of educational technology and educational research the educationists evolved many teaching skills and techniques which resulted in effective teaching. The teachers are required to teach in such a way that the students should learn better understand well and also feel interested while learning. The scope of the book has been made broad based and comprehensive and the approach is practical and functional. Practical approach followed in dealing with topics such as model approach with reference to Cooperative learning model currents trends in social science teaching learning process like collaborative learning approach methodology analysis and interpretation of data and at the end findings of research along with educational implications of present study are discussed. The author therefore hope that this book which is very informative for teachers working at secondary schools and teacher educators. We hope that this book would meet the needs of both the students teachers and teacher educators and especially would be researchers in the field of education. We look forward to and appreciate suggestions from the intelligentsia to improve the book.
