Masculinities in Contemporary Africa Egodi Uchendu, 2008 Although gender and non gender scholars have studied men such an academic exercise requires a critical and focused study of masculine subjects in particular social contexts which is what this book attempts to do This empirically rich collection of essays the seventh of the CODESRIA Gender Series deals with critical examinations of various shades and

ramifications of Africa's masculinities and what these portend for the peoples of Africa and for gender relations in the continent. So much has changed in terms of notions and expressions of masculinities in Africa since ancient times but many aspects of contemporary masculinities were fashioned during and since the colonial period. The papers in this volume were initially discussed at the 2005 month-long CODESRIA Gender Institute in Dakar. The contributors are gender scholars drawn from various disciplines in the wide fields of the humanities and the social sciences with research interests in the critical study of men and masculinities in Africa. The CODESRIA Gender Series aims at keeping alive and nourishing the African social science knowledge base with insightful research and debates that challenge conventional wisdom structures and ideologies that are narrowly informed by caricatures of gender realities. The series strives to showcase the best in African gender research and provide a platform for emerging new talents to flower.

Une France soumise Elisabeth Badinter, Georges Bensoussan, 2017-01-18. Les Territoires perdus de la République n'ont pas disparu en 2004. Ils sont devenus des banlieues rongées par le communautarisme, l'antisemitisme et le sexisme. Ce sont maintenant de véritables territoires interdits de la République. Enseignants, infirmiers, assistants sociaux, maires, formateurs, policiers, ils nous montrent la nouvelle enquête de Georges Bensoussan sur le racisme et les enjeux de ce sectarisme qui met chaque jour un peu plus en péril notre démocratie. Aujourd'hui en France, on a peur de parler, visage défiguré, tant on craint, juste titre, les insultes, les représailles professionnelles et même les violences physiques qui peuvent s'en suivre. C'est dire combien notre lâcheté collective a affaibli notre démocratie. Coincés entre l'extrême droite qui rêve d'imposer le saucisson tous et l'extrême gauche devenue d'vote du religieux, le plus sectaire, il n'est que temps de s'agiter, tendre la main, nos concitoyens musulmans qui adhèrent aux lois et aux valeurs de notre République tout en combattant sans défaillance ceux qui nous imposent les leurs. Elisabeth Badinter *Revue du monde musulman*, 1907.
