**@ Worship** Teresa Berger, 2017-07-14 A host of both very old and entirely new liturgical practices have arisen in digital mediation from the live streaming of worship services and pray as you go apps to digital prayer chapels virtual choirs and online pilgrimages Cyberspace now even hosts communities of faith that exist entirely online These digitally mediated liturgical practices raise challenging questions Are worshippers in an online chapel really a community at prayer Do avatars that receive digital bread and wine receive communion Worship proposes a nuanced response to these sometimes contentious issues rooted in familiarity with and sustained attention to actual online practices Four major thematic lines of inquiry form the structure of the book After an introductory chapter the following chapters look at digital presence virtual bodies and online participation ecclesial communities in cyberspace digital

materiality, visuality and soundscapes and finally the issues of sacramental mediation online. A concluding chapter brings together the insights from the previous chapters and maps a way forward for reflections on digitally mediated liturgical practices. *Worship* is the first monograph dedicated to exploring online liturgical practices that have emerged since the introduction of Web 2.0. Bringing together the scholarly tools and insights of liturgical studies, constructive theology and digital media theories, it is vital reading for scholars of Theology and Religion, as well as Sociology and Digital Culture more generally.

*The Eucharistic Liturgy* Jameson K. Pallikunnil, 2017-03-20. The Malankara Mar Thoma Syrian Church exists as a hybrid church by blending the Eastern liturgical elements of the Oriental Orthodox Church and the evangelical ideas of the Protestant Reformation of the sixteenth century. This Church is a bridging church connecting Protestantism and Oriental Orthodoxy. The reformation in the Malankara Church 1836 instigated a new impetus for this church in constructing an ecclesial identity and pattern of mission. A major missiological imperative employed by CMS missionaries in India was solely centered on the scripture. Against this popular understanding, the Mar Thoma Church, through its reformation process, showed that liturgy can also be an imperative for mission. The translation and revision of the Eucharistic liturgy is the basic visible expression of reformation in the Malankara Church. Hence, this book explicitly places how the Eucharistic liturgy of the Mar Thoma Church is observed as the foundation for mission in its course of growth. In order to accomplish this objective, the writer has examined the historical evolution and the developmental process of the Eucharistic liturgy of the church, which is a revised version of the liturgy of St James. In a nutshell, this study is an appraisal of various missiological themes reflected in the Eucharistic liturgy of the church. This study throws ample light on how the Mar Thoma Church integrated liturgy and evangelism in its course of development. The writer systematically illustrates how the church made a serious effort to bring missional themes employed in the liturgy into the practical realm by its ancillary organizations, convention gatherings and socio-charitable works. This volume asserts that an emphasis on Eucharist-centred ecclesiology guides and motivates the church to enliven a mission-oriented life, which is crucial for accomplishing a relevant mission.

**This Assembly of Believers** Bryan Cones, 2020-11-30. Among the symbols with which the liturgy deals, none is more important than this assembly of believers. This claim made in the 1970s forces the local church to consider those within its congregation and recognise the gifts and challenges of difference within the church community. In *This Assembly of Believers*, Bryan Cones seeks to take seriously the pastoral context of a congregation, recognising the physical ability, gender and sexuality of those who make up the congregation. Starting each chapter with their lived experience, Cones poses important questions of the liturgy in light of these experiences before realigning the liturgy to demonstrate the positive theological significance of the marginalised within the congregation.

*We Give Our Thanks Unto Thee* Porter C. Taylor, 2019-04-17. Fr Alexander Schmemmann continues to influence liturgical and sacramental theologies some thirty-five years after his death. Despite the wide acceptance within Protestant circles of his timeless classic *For the Life of the World*, there has been relatively little

written about him from an ecumenical context This volume of collected essays seeks to explore his theological legacy and further his work With essays from leading scholars such as David Fagerberg Bruce Morrill Joyce Zimmerman and more this volume is meant for both teachers and students of liturgical and sacramental theology In an effort to introduce Schmemmann to a wider audience and to celebrate his work through meaningful engagement and dialogue contributors come from a wide variety of ecclesiastical backgrounds Anglican Roman Catholic Orthodox Lutheran Presbyterian Methodist Free Church and more The Eucharist is therefore the manifestation of the Church as the new aeon it is participation in the Kingdom as the parousia as the presence of the Resurrected and Resurrecting Lord It is not the repetition of His advent or coming into the world but the lifting up of the Church into His parousia the Church's participation in His heavenly glory Fr Alexander Schmemmann Introduction to Liturgical Theology p 72

*Liturgical Mission* Winfield Bevins,2022-09-20 Modern missional movements have often viewed the historic Christian traditions as too insular focused on worship and the interior life of the church rather than evangelism and good works

Joseph Stallings,2019-11-07 Are we Methodists ready for the work of God to be unleashed Are we ready for Methodism to be the catalyst of yet another New Pentecost God has decisively acted in Christ and Christ says Do this Therefore there is only one real answer since not ready is not a valid response For United Methodism to be revived there can be no more such excuses Christ showed us his presence and power through Constant Word and Sacrament praxis during the time of the Acts 2 church Christ then again showed us his same divine presence and power through Constant Word and Sacrament praxis during the Methodist Evangelical Revival We have now been given two millennia to view this work of God We Methodists were born of this work of God How much more being made ready to unleash it do we require      R.I.C.H. in Preaching Antonio LaMar Torrence,2020-12-22 As many black churches attempt to become welcoming spaces for LGBTQ people preachers are navigating ways to develop sermons that are more inclusive and welcoming Pastors and ministers can begin transforming their congregations to become extensions of Christ through preaching sermons about radical inclusive Christian hospitality RICH RICH preaching encourages its hearers to embrace those of the queer community as neighbors deserving of love compassion and healing      **The Legal Architecture of English Cathedrals** Norman Doe,2017-08-15 This original book is a comprehensive richly documented and critical examination of laws applicable to Anglican cathedrals in England some of the most iconic monuments in the national heritage and centres of spiritual and cultural capital Law is the missing link in the emerging field of cathedral studies The book fills this gap It explores historical antecedents of modern cathedral law traces aspects of them that still endure and explains the law with particular reference to the recommendations of the Archbishops Commission on Cathedrals 1994 which led to the most radical changes in the legal history of these churches since the Reformation culminating in the Cathedrals Measure 1999 and associated later legislation The book compares the domestic constitutions and statutes of all the cathedrals of the Church of England today old foundations new foundations and parish church cathedrals as well as policies and guidelines applicable to or adopted by them Whilst national law acts as a fundamental unifying force there is considerable diversity as between these in terms of the breadth and depth of their coverage of topics In the socio legal tradition the book also explores through interviews with clergy and others at half of the cathedrals how laws are experienced in practice These reveal that whilst much of the law is perceived as working well there are equally key areas of concern To this end the book proposes areas for further research and debate with a view to possible reform Taking an architectural feature of cathedrals as the starting point for each chapter from cathedral governance

through mission ministry music and education to cathedral property what emerges is that law and architecture have a symbiotic relationship so that a cathedral is itself a form of juristecture
