Colonization in the Americas Reflection Questions

Using the map you created on Side A, answer the following questions.

Compare the relative sizes of the colonies. Which country colonized the most land? Which country colonized the least amount of land? Which country colonized the widest land in 1764. Portugal and France colonized large areas, as well. The Netherlands colonized the least amount of land. List the European countries that colonized each region:

North & Central America	The Caribbean	South America
1. Spain 2. France 3. England 4. The Netherlands	1. Spain 2. Portugal 3. The Netherlands 4. France	

Compare the locations of English colonies with the location of French colonies. What is different? What is the same?

In England and France had colonies in North America. In addition, they both colonized the Caribbean. In addition, France has a colony in South America. England has a colony in central America while France has a colony in South America. Compare and contrast the Spanish colonies and the Portuguese colonies. What is different? What is the same?

Spanish Colonies	Both	Portuguese Colonies
• Both have colonies in North America, Central America, the Caribbean, & South America.	• Both have colonies in South America • Both have large colonies	• Cover less land in South America only

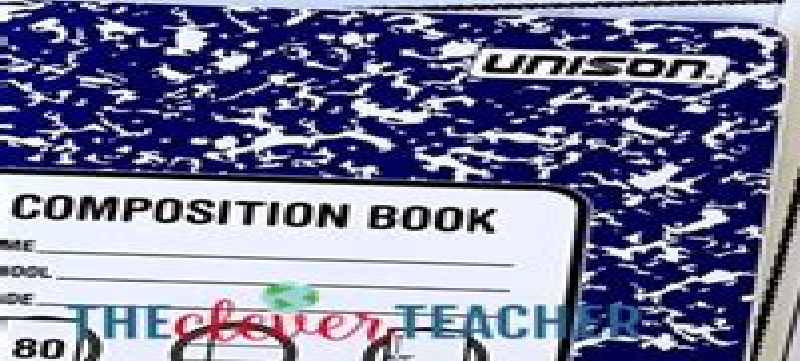

What is one question you still have about European colonization of the Americas? What would you learn more?

Do the European countries always agree or do they sometimes claim to own the same land?

Map of European Colonization in the Americas, Side B
