

## Washer Features

### DELAY START

Use **delay start** with any cycle to select a wash time convenient to your schedule or during off peak energy hours. The start of the cycle can be delayed for up to 14 hours. The delay time selected will be displayed as 30, 60, or 90 minutes or 2 through 14 hours.

### CONTROL LOCK

To lock the controls between cycles, press and hold the **control lock** button for 5 seconds. Repeat to unlock the controls when you are ready to operate the washer. Use this feature to reduce the likelihood of accidental operation by children.

### STATUS DISPLAY

The estimated total cycle time will be displayed when the cycle is selected. The time may increase if water pressure is low, oversudsing occurs or the load becomes unbalanced. The approximate time remaining will be displayed during the cycle.

A situation where oversudsing has been detected by the washer will result in the washer automatically adding up to 4 extra rinses to attempt to clear the suds. Each extra rinse the washer performs to clear the suds will add 5 minutes to the cycle display time. If an excessive amount of detergent has been added and additional rinsing has not corrected the issue, **TOO MUCH DETERGENT** will be displayed.

### DRUM LIGHT

The drum light will come on whenever the door is opened to illuminate the drum during loading and unloading. Closing the door turns off the light. The drum light will automatically turn off if the door is left open more than 3 minutes.

### REVERSIBLE DOOR

Your washer is equipped with a reversible door. The door can be hinged on the right or left side.

#### **NOTE**

For step-by-step instructions on **DOOR REVERSAL**, refer to the *Installation Instructions* supplied with this washer.

### SYSTEM CLEAN

To clean and freshen the washer, perform the **SYSTEM CLEAN** cycle. If you wish to begin the cycle, press **select** when prompted. This maintenance cycle uses hot water and two rinses to remove residue that may cause odor. See **Inside Routine Cleaning (Preventative)** for detailed information about the **SYSTEM CLEAN** cycle.

#### **NOTE**

The washer will automatically prompt you to run the **SYSTEM CLEAN** cycle every 50 cycles. You may press the **cancel** button to manually perform the cycle at another time.

### STATUS DISPLAY

The following will also be displayed at the appropriate times during the cycle:

<b>DOOR LOCK</b>	<b>RINSING</b>
<b>PREWASHING</b>	<b>DRAINING</b>
<b>WASHING</b>	<b>SPINNING</b>
<b>ADDING STEAM</b>	<b>CYCLE COMPLETE</b>
