

## Elementary Student Council Speech Guidelines

Congratulations on making the decision to run for a position on the Elementary Student Council.

If you are running for one of the following positions; President, Vice President, Secretary, Treasurer or Graphic Designer you will be required to give a speech to students from grades 3-5 at the assembly on Friday, August 26th.

If you are running for a class representative position, you will be required to give a speech to your classmates, at a time selected by your homeroom teacher.

Due to the quantity of people campaigning for these positions, the speeches must be **no longer** than two minutes.

**Here are some guidelines to help you create your speech:**

- Briefly welcome your student voters
- Give a short introduction... name and class
- Provide the main goal you are standing for
- Introduce position you are running for
- Create a short (one line) message explaining why you have selected your position
- Tell your audience a need of the school
- Give them a brief solution
- Explain why you are the best for the position
- Create a slogan to help people remember you

Resources in Education, 2001-10 *Corpus Linguistics* Douglas Biber, Susan Conrad, Randi Reppen, 1998-04-23 This book is about investigating the way people use language in speech and writing. It introduces the corpus-based approach to linguistics based on analysis of large databases of real language examples stored on computer. Each chapter focuses on a different area of linguistics including lexicography, grammar, discourse, register, variation, language acquisition, and historical linguistics. Example analyses are presented in each chapter to provide concrete descriptions of the research methods and advantages of corpus-based techniques. Ten methodology boxes provide clear and concise explanations of the issues in doing corpus-based research and reading corpus-based studies, and there is a useful appendix of resources for corpus-based investigation. This lucid and comprehensive introduction to the subject will be welcomed by a broad range of readers from undergraduate students to professional researchers. Variation in English
