Interpreting Censorship in Canada Allan C. Hutchinson,Klaus Petersen,1999-01-01 Socially organized activity cannot occur without censorship Going beyond ideological arguments this collections of essays explores the extent of censorship in Canada today the forms censorship takes and the interests it serves

The Torah and Its God Jordan Jay Hillman,2001 This detailed examination of the Torah the first five books of the Bible lays particular emphasis on the role and character of the Torah s transcendent God as its central protagonist Viewing both the Torah and its God as purely human creations humanist Jordan Jay Hillman seeks in no way to devalue this hugely influential book His aim instead is to reinterpret it as a still vital text that used theistic means appropriate to its time to inspire a people toward their worthiest human purposes It is thus for its timeless themes rather than its dated particularities including its model of a transcendent God that we should honor the Torah in our time as both the wellspring of Judaic culture and a major influence on Christian and Islamic ethics and morals From his humanist perspective and his background as a lawyer and professor of law at Northwestern University now emeritus Hillman offers many insights into the narrative and wide ranging legal code of Genesis Exodus Leviticus Numbers and Deuteronomy including their many contradictions and anomalies His analysis draws on a broad scholarly consensus regarding the Documentary Theory as it bears on the identities and periods of the Torah s human sources This thorough explication of an often misunderstood ancient text will help humanists and many theists alike to appreciate the rich moral ethical and cultural heritage of the Torah and its enduring relevance to our time

The Mahabharata, Volume 7 James L. Fitzgerald,2020-07-10 What is found in this epic may be elsewhere What is not in this epic is nowhere else from The Mahabharata The second longest poem in world literature The Mahabharata is an epic tale replete with legends romances theology and metaphysical doctrine written in Sanskrit One of the foundational elements in Hindu culture this great work consists of nearly 75 000 stanzas in eighteen books and this volume marks the much anticipated resumption of its first complete modern English translation With the first three volumes the late J A B van Buitenen had taken his translation up to the threshold of the great war that is central to the epic Now James Fitzgerald resumes this work with translations of the books that chronicle the wars aftermath The Book of Women and part one of The Book of Peace These books constitute volume 7 of the projected ten volume edition Volumes 4 5 6 8 9 and 10 of the series will be published over the next several years In his introductions to these books Fitzgerald examines the rhetoric of The Mahabharatas representations of the wars aftermath Indeed the theme of The Book of Women is the grief of the women left by warriors slain in battle The book details the keening of palace ladies as they see their dead husbands and sons and it culminates in a mass cremation where the womens tears turn into soothing libations that help wash the deaths away Fitzgerald shows that the portrayal of the womens grief is much more than a sympathetic portrait of the sufferings of war The scenes of mourning in The Book of Women lead

into a crisis of conscience that is central to The Book of Peace and Fitzgerald argues the entire Mahabharata In this book the man who has won power in the great war is torn between his own sense of guilt and remorse and the obligation to rule which ultimately he is persuaded to embrace The Mahabharata is a powerful work that has inspired awe and wonder for centuries With a penetrating glimpse into the trauma of war this volume offers two of its most timely and unforgettable chapters

Decoding Spacetime Eric Carlson, 2010-11-08 This is a book about science religion and being yours and mine The study of being is called Ontology Our culture is dominated by a naturalist ontology The question is does ontology include a supernatural component Or is that idea a relic of our primeval past sort of like appendix and adenoids parts that can be excised from the body of our belief system The author argues for the primacy of the transcendent supernatural ontology by means of two books the book of nature and the book of transcendency the Bible each containing its own portion of the evidence Mr Carlson argues for the following The universe represents a small portion of Gods ontology a small reality devoted to redemption The signet of redemption is the number 7 its appearance within chronology is deliberate instructive and compelling The Creation Week account reflects a two fold metaphor 1 space time itself was created to support the redemptive act and 2 mankinds history will unfold in a series of seven ages later quantified as millennia The interval between Adam and Abraham literally filled one redemptive bi millennium but the catastrophic effects of 3 realities the Cainite civilization Noah and the break up of Pangaea contribute to the appearance of myth as viewed by the uniformitarian geologist for whom catastrophes appear invisible The 2nd bi millennium Abraham to Messiah was also fulfilled exactly in redemptive time The termination of our age is imminent and dependent upon the chronology of Israel mankinds chronograph A detailed chronology of the history of Israel is flavored with the redemptive signet especially 70 yrs or 70 heptads of yrs By decoding Israels history in redemptive time and employing the single concept of the favor of God the author derives a Biblical based proof that modern Israel is the same and identical state founded by Samuel in 1096 BC Three independent proofs of this foundational date are provided These proofs show that the Monarchy existed for exactly 511 yrs which period is exactly equal to 73 heptads Israel is an heptadic state The author concludes that the redemptive corollary to Israels ontology is also proven we have actually entered the end times and the events associated with the last days will soon unfold Because the reality of Israel is visible to all it is apparent that the redemptive offer made to mankind is also real and visible such as that appearing in John 3 16 John 6 40 and Romans 10 9 13 There is much to learn about our world Start now Tomorrow may be too late

analysis in depth biology of this dramatic disease in Human Sapiens it is necessary to be prepared not only in two or three of
four generations of searchers and researchers but to the entire existence and essence of the Species Sapiens as a wholeness
of its Anatomy and Embryology of its Physiology of its Pathology and subsequently of its evolutionary and revolutionary of its
Anatomy in Thinking in Rethinking and in Creativity as Anatomology and of its Anatomontology Logos of Human Sapiens
Anatomy and Ontology of the same Human Sapiens Anatomy have made out this uniqueness of Genesis and Evolution
GENEVO of Biology of Planetary Earth by adding to GENEVO also the powerful of Selection Multipolar Selection i.e. the
Selection acting and reacting at all levels of the organization of matter naming here Elementary Particles Atoms

completed anytime and in any circumstances of searching and researching by the basic concept of Nature Biology of the
SELECTION actually the MULTIPOLARE SELECTION i.e. repeating the one acting and reacting at all level of a living
integrated system of Elementary Particles of Atom of Molecule of Cell of Tissue of Organs and final of Organism therefore
GENEVO is becoming a GENEVOSEL Through the triadic conceptologic of GENEVOSEL it is possible to explain at least
theoretically the Fine Tuning concept acting and reacting at all level of Matter of Form and of Energy We assume that the
Pathology of Oncology in Human Sapiens into which any individuality or any Human Being is totally subdued to its Species
therefore Human Being is also Human Sapiens Being This dramatic Tumor pathology has been the battlefield of all
battlefields in Human Sapiens Being pathology overcoming by far all other pathologies of Human Sapiens through its
dramatic consequences of high percentage of death exitus having the highest rate of life threatening disease for Human
Sapiens Being Also here one must be specify that while the ONCCOLOGY is the part of this terrible disease in Human
Sapiens the ONCCOSOPHY is the wisdom of preventing and treatment of this monster pathology hitting merciless babies and
young people adults and old people We are also fully convinced that even our Theoretical approach of this dramatic and
tragic pathology in Human Sapiens Being can open up its own chances of triad of Information Inspiration Intuition within an
