Caution

- Only suitable qualified personnel should work on this equipment, and only after becoming familiar with all safety notices, installation, operation and maintenance procedures contained in this manual.
- When the AC Drive power supply is switched on, the power units as well as a certain number of components are connected to the AC supply. Contact with these parts is extremely dangerous.
- As a general rule, the AC Drive power supply must always be switched off before performing any operation on either the electrical or the mechanical parts of installation.
- After switching off the power, do not touch any circuit boards or components, the charging indicator light.
- This inverter must be installed and implemented in compliance with international and national standards in force in the premises where it is to be used. Conformity is under the responsibility of the integrator who will comply with the EMC directive, among others, for what concerns the European
