South-East Asian Linguistics J. H. C. S. Davidson,2013-01-11 Published in the year 1990 Understanding Party System Change in Western Europe is a valuable

contribution to the field of Politics *Specificational and Presentational There-Clefts* Kristin Davidse, Ngum Meyuhnsi Njende, Gerard O'Grady, 2023-07-31 This book proposes a radically new account of clefts in English Since the 1960s functional as well as formal linguists have generally restricted clefts to constructions with an identifying matrix it clefts and have claimed that they only code information structure Clefts are assumed to unpack a simple proposition into a focus presupposition structure In this book the authors reject these theoretical descriptive assumptions arguing instead that clefts form a field comprising it clefts there clefts and have clefts They show that like any other construction clefts compositionally code propositional semantics onto which a great variety of prosodically coded focus patterns may be mapped The authors fundamentally challenge the existing approach by entering the debate with an in depth account of the neglected specificational and presentational there clefts offering the first systematic data based study of their grammatical and prosodic features While the study is restricted to English its findings have significant cross linguistic relevance This book will be of interest to students and scholars of Functional Cognitive and Formal Linguistics Corpus Linguistics and usage based study of grammar and prosody **The Equilibrium of Human Syntax** Andrea Moro, 2013-09-13 This book assembles a collection of papers in two different domains formal syntax and neurolinguistics Here Moro provides evidence that the two fields are becoming more and more interconnected and that the new fascinating empirical questions and results in the latter field cannot be obtained without the theoretical base provided by the former The book is organized in two parts Part 1 focuses on theoretical and empirical issues in a comparative perspective including the nature of syntactic movement the theory of locality and a far reaching and influential theory of copular sentences Part 2 provides the original sources of some innovative and pioneering experiments based on neuroimaging techniques focusing on the biological nature of recursion and the interpretation of negative sentences Moro concludes with an assessment of the impact of these perspectives on the theory of the evolution of language The leading and pervasive idea unifying all the arguments developed here is the role of symmetry breaking in syntax and in the relationship between language and the human brain **Lai Su Thai** J. H. C. S. Davidson, 2005-08-16 Edward Harold Stuart Simmonds who died on November 9 1994 aged 75 will be remembered as one of the few distinguished scholars who combined a knowledge of both the languages and the literatures of Thailand and Laos and who between 1951 and 1967 succeeded almost single handedly in establishing the study of Tai languages literature and culture in British universities This book presents a fascinating series of essays written in his honour **Creation and Christ** Angela Costley, 2020-11-09 The Epistle to the Hebrews is usually associated with its theology of Christ the High Priest However the term high priest is not so common in the first four chapters of Hebrews occurring only four times with a further reference to sacrifice in 1 3 Rather than emphasising the priestly or sacrificial activity of Christ these opening sections contain a number of references to creation 1 2 3 10 12 2 5 9 10 3 1 6 4 3 4 and 4 9 10 In this volume Angela Costley uses discourse analysis to explore the importance of the topic of creation to the discourse of the Epistle to the Hebrews

uncovering a close link between creation and salvation She highlights the interaction of the topic of creation with the topic of salvation in the discourse to uncover a depiction of Christ as the creator who descends to take on human flesh God who becomes human in order to lead humanity heavenward **Books in Print Supplement** ,1994 **Teaching Chinese in**
